WHO WE ARE

Corporate Profile

Canadia Bank is a leading local bank and full-service commercial bank in Cambodia. It is one of the leading and first financial institutions in late 1991 when Cambodia started to rebuild its economy and was privatised in 1998. With a worldwide network of banking relationships and a solid base of local and international customers, the Bank is the largest commercial bank by balance sheet in 2020 and holds commanding market shares in loans as well as deposits. It provides a wide array of market-leading banking products and services including Deposit-taking (corporate and consumer), Foreign Exchange, Local and International Remittances, Credit Cards, Cash Management, Consumer, Commercial, Corporate Loans, and Stock Brokering.

Canadia Bank's established institutional strength and value-added banking products and services are the fundamental components to its successful business relationship with its customers and shareholders. Its sales and service-oriented, customer-focused branches throughout the country are the front line of delivering high standard banking services with 63 operating branches and over 353 ATMs/CRMs across Cambodia.

Corporate Mission

To be the best partner to our customers and employees by leveraging on our people, technology and service delivery.

Corporate Vision

To be recognised as the best bank in Cambodia.

Core Values

Trust

We build trust with our customers and employees.

Ownership

We take ownership and seek win-win solutions.

Performance-Driven

"One Bank" drive for performance and celebrate success.

សារលិខិតពី ប្រធានក្រុមប្រឹក្សាភិបាល និងអគ្គនាយក

ជូនចំពោះភាគទុនិក

ឆ្នាំ២០២១ គឺជាឆ្នាំមួយទៀតនៃវិបត្តិសាកល ដោយជំងឺកូវីដ-១៩ នៅតែបន្តរាតត្បាតទូទាំងពិភពលោក។ សេដ្ឋកិច្ចរបស់កម្ពុជាបានឆ្លើមឡើងវិញជាបណ្តើរៗ ខណៈដែលប្រជាជនបានទទួលយក “ប្រក្រតីភាពតាមគន្លងថ្មី” បន្ទាប់ពីការចាក់វ៉ាក់សាំងបានយ៉ាងឆាប់រហ័សនៅទូទាំងប្រទេស។ ទោះបីជាមានកំណើនអវិជ្ជមានកាលពីឆ្នាំកន្លងទៅក្តី សេដ្ឋកិច្ចរបស់កម្ពុជានៅឆ្នាំ ២០២១ បានស្ទុះឡើងវិញ ដោយមានកំណើនវិជ្ជមានក្នុងអត្រា ៣% ។

來自 董事長和首席執行官的信

尊敬的股東們

對於全世界來說，2021又是動蕩的一年，新冠肺炎疫情仍持續在全球蔓延。隨着柬埔寨政府迅速為國人安排疫苗接種后，人們已適應了這個“新常態”，柬埔寨經濟也開始逐步復甦。儘管前一年出現負增長，但柬埔寨經濟在2021年已有所反彈，達到3%的正增長。

為支持柬埔寨經濟復甦，柬埔寨國家銀行依然繼續保持寬松政策，作為確保銀行系統穩定性和彈性審慎措施的一部分。儘管充滿挑戰，銀行和金融業仍保持強勁增長，資產總額達到了682億美元，增長率為16%；貸款總額達457億美元，增長了21.2%；存款總額達385億美元，增長了15.4%。此外，巴孔（Bakong）區塊鏈支付系統的推出也促進柬埔寨大眾對移動支付系統的使用，在2021年有近1360萬的用戶，及近7.076億筆交易，相當於1137億美元的價值。

加華銀行財務狀況

加華銀行在2021年取得的業績也證明了我行在充滿挑戰的背景下的堅定和韌性，以及展現我行在30年來的追求和成長。儘管面臨挑戰，但我行的收益相比去年增長了2%。憑借良好的成本控制，我行能夠將成本收入比保持在28.1%（同比2020年的31.7%），實現淨利潤1.28億美元，同比去年增長了5%。通過追加注資9,000萬美元，實收資本已增至5.8億美元，這反映出股東們對我行一直以來可持續發展的堅定信心。

在2021年，我行的總資產繼續保持增長，規模達76.5億美元，同比去年增長了8%，銀行存款增長9%，達61億美元，占市場總份額17.4%，是存款方面的領先銀行之一。根據國家銀行2021年的指示，我行對因疫情而陷入財務困境的2,000多名借款人提供超過5億美元的貸款重組。儘管存在一些不利因素，我行貸款總額仍達到49億美元，與2020年底相比增長了10%。

隨著我行不斷向數字銀行邁進，加華銀行將繼續努力擴大我行在數字領域的業務。在2021年內，我行又新開設了一家分行，並共購置了135臺新的設備，其中包括自動取款機（ATM）和現金存取款機（CRM）。2021年，我行在全國重點戰略位置擁有63家分行，並共安置了310臺自動取款機（ATM）和43臺現金存取款機（CRM）。

我行資本和流動性仍保持強勁態勢，資本充足率（CAR）中的一級資本佔比為17.5%，償付能力比率維持在20.3%。加華銀行的流動性覆蓋率（LCR）高達125.1%，高於最低監管要求。

中小企業和個人消費業務仍然是我行的主要優先業務領域。此外，我行也是第一家與柬埔寨信用擔保公司（CGCC）正式建立合作夥伴關係的銀行，這也充分表明我行致力於支持中小企業客戶的需求。與此同時，我行還不斷繼續參與中小企業聯合融資計劃，為中小企業提供更多可負擔的貸款。我行最近新推出了“精英女性中小企業貸款”，以培養和賦能女性企業家。為此，我行提供具有競爭力的利率，以幫助其業務拓展。我行的個人消費貸款和中小企業貸款增長了6%，已達到19億美元。

憑借廣泛的分行網絡和龐大的客戶群，我行於2021年內成功與柬埔寨領先企業達成多項合作協議：

- 道達爾能源（柬埔寨）：數字支付服務合作夥伴關係
- PTT（柬埔寨）：數字支付服務和供應商融資計劃合作夥伴關係
- 久保田租賃（柬埔寨）：供應鏈配套合作夥伴關係

為滿足客戶對靈活性和更高效率的需求，我行增加了六家分行將工作時間延長至晚上八點。同時，我行繼續注重和增加在科技上的投資，並致力於為客戶提供具有廣泛創新的服務和產品，專注于現代數字銀行解決方案和24/7 客戶服務支持。目前，客戶可以通過加華銀行APP在線開戶并向海關總署繳稅，只需簡單的幾步操作即可，快速又便捷。

我行在這一年的成就獲得多家國際知名金融刊物的認可，並榮獲以下獎項：

亞洲銀行家

- “最佳零售銀行”（連續三年）因我行在零售總收入和零售存款方面呈現出顯著增長而獲得認可。

亞元雜誌

- “最佳中小企業銀行”該獎項體現了我行在中小企業領域以客戶為中心的努力和成就。

這些榮譽顯示了我行的願景和志向，即成為客戶、員工、社區和國家的“柬埔寨最佳銀行”。

展望2022

儘管新變種病毒的出現和地緣政治格局變化使未來仍存在不確定性因素，但隨著柬埔寨開始重新開放貿易和旅遊邊界，為2022年帶來積極的經濟前景，樂觀預測今年的國內生產總值（GDP）增長將達到5%。

我行對銀行業保持樂觀的前景態度，相信柬埔寨王國政府和國家銀行將繼續提供務實和支持性政策，以減輕新冠肺炎疫情的負面影響，以恢復和促進經濟的增長。

加華銀行將繼續加大對科技的投入，我們相信數字化和自動化是加深我行與客戶關係的關鍵。此外，我行的卡管理系統為了提高效率和提升用戶體驗已于2022年初進行升級。加上數字銀行服務將通過安裝遠程視頻櫃員機（VTM）和智能製卡機（SEM）以滿足客戶的需求，無需通過櫃檯進行交易，便可流暢地享受便捷的銀行服務。

這些數字功能的改進將拓展加華銀行的服務渠道，能夠更好地滲入銀行服務匱乏的社區并擴大我行的客戶群，特別是中小企業和零售客戶。

致謝

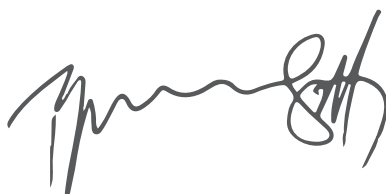

加華銀行真誠感謝廣大客戶一直以來對我行的信任與支持。我行將繼續為柬埔寨民眾提供最優質和值得信賴的服務，成為您最佳的合作夥伴。

在我行立志成為柬埔寨最佳銀行的過程中，我行也對加華銀行董事會、管理團隊和每位員工的辛勤工作和奉獻精神深表感謝。

我行也再次衷心感謝柬埔寨國家銀行、王國政府以及所有利益相關者的一貫支持和指導，使銀行業和國家經濟多年來保持韌性和強勁的增長。

董事長

Raymond Sia Say Guan 先生
首席執行官

MESSAGE FROM THE CHAIRMAN & CEO

Dear Shareholders

2021 was another year of global turbulence as COVID-19 pandemic still lingered across the globe. Cambodia's economy started its gradual recovery as people adopt to the "New Normal" after the rapid administration of vaccines in the country. Despite the negative growth in the previous year, Cambodia's economy rebounded to a positive growth of 3% in 2021.

In supporting the recovery of the Cambodia's economy, the National Bank of Cambodia (NBC) has continued to maintain the relaxation of regulations as part of the prudential measures to ensure stability and resilience in the banking system. The Banking and Finance industry as a whole continued to see strong growth despite difficult time, with total assets increasing by 16% to US\$68.2 billion, total loans increasing by 21.2% to US\$45.7 billion, and total deposits increasing by 15.4% to US\$38.5 billion. In addition, the rollout of BAKONG blockchain payment system has also led to encouraging Cambodians to increase their usage of mobile payments systems. 2021 saw nearly 13.6 million users with close to 707.6 million transactions worth about US\$113.7 billion.

Canada Bank's Position

Our performance in 2021 was the evidence of our steadfast and resilience against a challenging backdrop and marked our 30 years of commitment and growth. Despite the challenges, our revenue grew 2% compared to previous year. With good cost discipline, we were able to maintain cost to

income ratio at 28.1% (2020: 31.7%) enabling us to generate a net profit of US\$ 128 million, an increase of 5% compared to previous year. From the additional injection of US\$ 90 million, our paid-up capital has increased to US\$ 580 million. This reflects the commitment of our shareholders in the continued sustainable growth of the Bank.

Total assets continued to grow to US\$7.65 billion in 2021, up by 8% compared to previous year. Deposits rose 9% to US\$6.1 billion, making us one of the leading banks in terms of deposit, contributing to 17.4% of the total market shares. Following the directive of NBC in 2021, the Bank offered debt moratorium worth over US\$500 million to more than two thousand borrowers, who experienced financial difficulties as a result of the pandemic. Despite these headwinds, our loans reached US\$4.9 billion, an increase of 10% compared to the end of 2020.

Canada Bank continues to strive to expand our operations within the digital landscape as we continue our journey towards digital banking. During the year, one more branch was established, and a total of 135 new machines, including both ATM and CRM machines, were installed. In 2021, we have 63 branches with 310 ATMs and 43 CRMs installed at key strategic locations across the country. Our capital and liquidity position remained strong with Capital Adequacy Ratio (CAR) Tier 1 at 17.5% and our Solvency Ratio at 20.3%. Canada Bank's Liquidity Coverage Ratio (LCR) stood high at 125.1% and above the minimum regulatory requirement.

SME and Consumer businesses remain our key priority business segments. Canada Bank was the first bank to formalize our partnership with Credit Guarantee Corporation of Cambodia (CGCC), showing a clear testament of our commitment to support our SME customers. Canada Bank continues to participate in the SME Co-Financing Scheme to provide affordable loan to SME. We have also launched "SME Loan for Smart Lady" to nurture and empower woman entrepreneurs. We provide competitive interest rates to help them grow and expand their businesses. Our Consumer and SME loans grew by 6% to \$1.9 billion.

Our extensive branch network and large customer base allowed the Bank to successfully entered into several partnership agreements with leading corporations in Cambodia during the year:

- Total Energy (Cambodia): partnership on digital payment acceptance services
- PTT (Cambodia): partnership on digital payment service and vendor financing scheme
- Kubota Leasing (Cambodia): partnership on supply chain package

As customers demand more flexibility and efficiency, 6 more branches extended working hours until 8 PM. Canada Bank continues to emphasize and increase its investments in technology and commits to providing a wide-ranging innovative services and products to our customers focusing on modern digital banking solutions and 24/7 customer support. As a result, customers now can open account online and pay tax to the General Department of Customs and Excise via the Canada Bank App. It's fast and easy with just a few clicks.

Our accomplishments during the year were recognized by several international and reputable financial publications with the following awards:

The Asian Banker

- **"Best Retail Bank"** (3rd consecutive year). Recognized for our remarkable growth in gross retails revenue and retail deposits

Asia Money Magazine

- **"Best Bank for SME"**. This award is a testament of our customer centricity efforts and achievements in SME segment.

These accolades are testimonies to the Bank's vision and aspiration to be the "Best Bank in Cambodia" to our customers, our employees, community, and country.

Outlook for 2022

Whilst uncertainties remain given the emergence of new coronavirus variants and geopolitical landscape, the economic prospect of Cambodia for the year 2022 is positive with the projected GDP growth of 5% as the country started to reopen its borders for trade and tourism.

We are optimistic on the outlook for banking industry as the Government and National Bank of Cambodia will continue to provide pragmatic and supportive policy to mitigate the negative impact from COVID-19 to rehabilitate and promote economic growth.

Canadia Bank will continue to invest heavily in technology as we believe that digitalization and automation is the key in deepening our relationships with our customers. Our Card Management System had been upgraded in early 2022 to improve efficiency and enhance user experience. Our digital banking service will be upgraded with the installation of Virtual Teller Machine (VTM) and Smart Embossing Machines (SEM) to fulfill customers need and provide them a smooth experience in banking services without having to do transactions through the counter. These improved digital capabilities allow Canadia Bank to have a greater access to the under-banked communities and grow our customer base, in particular the SME and retail customers.

Acknowledgements

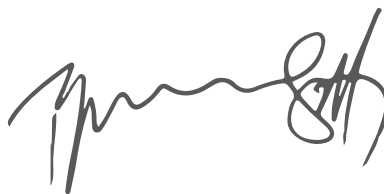

We are deeply grateful to our customers who have placed their trust and ongoing support in our services. We will continue to be your best partner by providing you with quality and trustworthy services.

As we continue our journey to be the Best Bank in Cambodia, we also express deep appreciation for the Canadia Bank's Board of Directors, Management Team, and employees for their continued hard work, contribution, and dedication.

We also would like to extend our sincerest gratitude to the National Bank of Cambodia, the Royal Government of Cambodia, and all our stakeholders for their continuous support and guidance, which has allowed the banking industry and our economy to be resilient and strong over the years.

Neak Oknha Dr. Pung Kheav Se
Chairman

Mr. Raymond Sia Say Guan
Chief Executive Officer

CORPORATE GOVERNANCE

The Bank is a commercial bank operating in accordance with the Cambodian Law on Commercial Enterprises and under the supervision of the National Bank of Cambodia ("NBC" or "the Central Bank"), pursuant to the Law on Banking and Financial Institutions of Cambodia and in accordance with the Banking Licence No. 05 issued by the NBC, since 1991. The Bank's licence was renewed for an indefinite period following the NBC's Prakas No. B7-06-207, dated 13 September 2006.

Canadia Bank Plc. is committed to conduct business in a prudent manner and to uphold the highest standard of effective corporate governance. The Bank develops and maintains appropriate internal control and risk management systems in compliance with the National Bank of Cambodia's (NBC) guidelines and principles of effective corporate governance to achieve consistent strong performance results, sustainable growth, and strong reputation and branding.

INFORMATION DISCLOSURE AND TRANSPARENCY

The Bank has always recognized the importance of disclosing information that is necessary for stakeholders and regulators. The Board of Directors (Board) is responsible for the preparation of the Bank's financial statement. The Board assigned the review of the financial statements to the Audit Committee to ensure they are accurate, reliable and in compliance with the NBC's guidelines and Cambodian Accounting Standards. The annual report includes the audited financial statements and other relevant information, and is published and disseminated to stakeholders. In addition, the Bank publishes the annual audited financial statements on its website at www.canadiabank.com.kh. publishes the annual audited financial statements on its website at www.canadiabank.com.kh.

CODE OF CONDUCT

The highest standards of professionalism, ethics, integrity and honesty are expected of all employees of the Bank. Staff and management are required to perform their work diligently and honestly, placing first the interests of the Bank. In addition, all staff and management understand, accept and abide by the Bank's Code of Conduct, which is as follows:

- Not to solicit or to receive any solicited basis gifts, commissions, kickbacks or valuables of any kind from customers;
- Not to use their position to conduct private business;
- Not to conduct in any acts, behaviors or arrangements causing damages to the Bank;
- Not to engage in any acts, behaviors or arrangements causing damages to the Bank's reputation and/or financial interest; and
- Maintain and safeguard of confidential information.

INTERNAL CONTROL UNIT

The Bank implemented various initiatives in order to establish an internal control system, which is in line with generally accepted standards, and the NBC's regulations and guidelines. The Bank's internal control structure includes the following:

1. Audit Committee is charged with the duty and responsibility of reviewing the Bank's financial reports to ensure that they are accurate and adequately disclosed. The committee is responsible for ensuring that the Bank's internal control and internal audit functions are adequate, appropriate and effective. Along with external and internal auditors, the committee reviews the systems on a regular basis.
2. The Board's Internal Control and Compliance Committee established an appropriate internal control structure, system and process to identify, evaluate, monitor and manage significant risks that may affect the achievement of business objectives. Compliance matters are reported to the Board, which provides a holistic and overall view of all compliance matters across the Bank's operations.
3. Internal Audit Division is responsible for performing the annual risk-based audit. The audit is prioritized and scoped according to an assessment of financial and operational risk exposure of the Bank's head office, including key operational divisions, and branch operations under the direct supervision and guidance of the Audit Committee. The Internal Audit Division reports directly to the Audit Committee.
4. Internal Control and Compliance Department is responsible for providing recommendations to ensure that the Bank is compliant with the rules and regulations issued by relevant authorities, as well as the Bank's internal policies and procedure. Internal Control and Compliance Department reports directly to the Board's Internal Control and Compliance Committee.
5. The Bank has in place an appropriate "Whistle Blowing" policy. The Chairman of the Board or the Chairman of the Audit Committee reviews anonymous complaints that employees may raise about possible misappropriation, malpractice, malfeasance or conflicts of interest. The complaints are independently investigated and followed-up.

COMPOSITION OF BOARD OF DIRECTORS

The composition of the Board has been realigned to strengthen its strategic capacity, overall business policy development, and provide leadership for management and staff. As at 31 December 2021, the Board is comprised of Eleven (11) members, Four (4) of whom are Independent, Non-Executive Directors and One (1) of whom is Non-Executive Director.

Name of Director	Position/Type of Directorship
Neak Oknha Dr. Pung Kheav Se	Chairman
Mr. Raymond Sia Say Guan	Chief Executive Officer/Executive Director
Mr. Vann Charles Chuon	Executive Director
Dr. Pung Carolyne	Executive Director
Mr. Chen Lee Yiaow Hui	Executive Director
Mr. Yee Con Long	Executive Director
Mr. Leow Ming Fong	Independent, Non-Executive Director
Mr. Peter Michael Buerger	Independent, Non-Executive Director
Mr. John Meinhold	Independent, Non-Executive Director
Mr. Phong Nguyen	Independent, Non-Executive Director
Mr. Lim Socheat	Non-Executive Director

Independent non-executive directors of the Bank are directors who meet qualifications and requirements specified by the NBC's regulations. The Bank compiled The Director Independence Standards for the Board of Directors, adopted to make its independent determinations with the exercise of a director's judgment independent of the management.

Roles of the Chairman and the CEO are separated, which is consistent with the corporate principle of balancing power and authority. In addition, as a principle of good corporate governance, all directors are subject to re-nomination and re-election every three (3) years, which is provided in the Bank's Memorandum and Articles of Association. All appointments of directors must be approved by the NBC.

Meetings

The Board schedules meetings at least once every three (3) months. In 2021, the Board held Five (5) meetings.

RESPONSIBILITIES OF THE BOARD OF DIRECTORS AND BOARD COMMITTEE

The Board directs the Bank in the conduct of its affairs. In doing so, the Board undertakes a fiduciary role to ensure that corporate responsibility and ethical standards are met, and to ensure the viability of the Bank in the best of interest of the Bank's shareholders while also taking into account the interests of other stakeholders. The Board is responsible for supervising the business operations, establishing corporate governance policies with practical guidelines to ensure the functioning of its duties, setting strategic direction and long-term goals of the Bank, ensuring that adequate resources are available to meet strategic objectives, and establishing a risk framework and strategy for risks to be assessed and managed.

The Board formed committees which are divided into two level authorities: (1) the Board Committees and; (2) Executive Management Committee, with particular terms of reference for regulatory purposes when it needs assistance or when an issue requires more resources and attention. This allows the Board to concentrate on broader strategic issues and directions.

The Board may either delegate some of its powers to the committee, enabling it to act directly, or may require recommendations of the committee to be approved by the Board. The exact definition of the powers of the committee will be governed in its Board's approved Charter.

1. Board Committees include: Audit Committee (AC), Board Risk Management Committee (BRMC), Board Remuneration and Nomination Committee, Board Internal Control and Compliance Committee and Board New Product and Activities Committee.
2. Executive Management committees closely monitor and oversee the Bank's day-to-day operations, and report actual progress to the Board on a regular basis. These committees include: Canada Management Committee (CMC), Credit Committee (CC), Assets and Liabilities Management Committee (ALCO), and Human Resource Committee (HRC). Each committee has written terms of reference that describe the responsibilities of its member for day-to-day operation of the Bank.

For the purpose of compliance with the NBC guidelines, the Board committees are described as follows:

THE AUDIT COMMITTEE

Purpose

The primary objective of the Audit Committee (as a standing committee of the Board) is to assist the Board in the effective discharge of its fiduciary responsibilities for corporate governance, financial reporting and internal control.

Composition

At the end of 2021, the Audit Committee is comprised of Four (4) members from the Board, and led by one independent director with expertise in accounting, finance and auditing.

Name of Committee Member	Position
Mr. Leow Ming Fong	Chairman
Dr. Pung Carolyne	Member, Executive Director
Mr. Vann Charles Chuon	Member, Executive Director
Mr. John Meinhold	Member, Independent Non-Executive Director

Authority and Main Responsibility

- The Audit Committee is authorized by the Board to investigate any activity within its jurisdiction. The Committee shall have unrestricted access to both the internal and external auditors and to all employees of the Bank. The Committee may, with the approval of the Board, consult legal or other professionals where they consider necessary to carry out their duties.
- The Audit Committee shall consider the appointment of external auditors, audit fee and any questions or registration or dismissal.
- The Committee shall review the financial reports and report to the Board.
- The Committee shall review the report of internal audits and monitor the performance of the internal audit department on regular basis.
- The Committee shall perform any other tasks as directed by the Board.

Meetings

The Audit Committee schedules meetings at least once every three (3) months. The Audit Committee held Six (6) meetings during 2021.

THE BOARD RISK MANAGEMENT COMMITTEE

Purpose

Committee members are appointed by the Board with the following purposes:

- Assist the Board to develop and administer a fair and transparent procedure for setting policy on the remuneration of directors and senior management of the Bank, and determine their remuneration packages.
- Review selection and appointment practices of the Bank and the processes for evaluating the performance of the Board, Board committees and executive management committee members. Monitor and present recommendations regarding the Board governance issues.

Composition

At the end of 2021, the Committee is comprised of Three (3) members from the Board and the Management:

Name of Committee Member	Position
Mr. John Meinhold	Chairman, Independent Non-Executive Director
Mr. Vann Charles Chuon	Member, Executive Director
Mr. Chen Lee Yia Hui	Member, Executive Director
Mr. Peter Michael Buerger	Member, Independent Non-Executive Director
Mr. Phong Nguyen	Member, Independent Non-Executive Director

Authority and Main Responsibility

The Committee will recommend to the Board the parameters of the Bank's risk framework, monitoring the alignment of risk profile with risk tolerance as defined. The Committee's oversight responsibilities include, but not limited to, the following elements:

Credit Risk

- Review and approve the framework for the management of credit risk in accordance with the Credit Policies and Procedures manual.
- Review and monitor the risk profile, performance and management of the credit portfolio.
- Review and develop appropriate credit risk policies.
- Review the Bank's bad debt performance and provision for loan loss (general and specific provision in compliance with the NBC guidelines).

Market Risk

- Review and approve the framework for the management of market risk.
- Review and monitor the Bank's market risk performance and exposure against limits.
- Review and develop appropriate market risk policies.
- Review and approve market risk limits including but not limited to Value at Risk Limits and Net Interest Income at Risk Limits.
- Review structural interest rate risk positions for the Bank.

Liquidity Risk

- Review and approve the framework for the management of liquidity risk.
- Review and monitor the Bank's liquidity position and requirements in consultation with the Assets and Liabilities Management Committee (ALCO) and the development of appropriate liquidity risk policies.
- Review and monitor the Bank's funding plan and funding requirements

Operational Risk

- Review and approve the framework for the management of operational risk.
- Review and monitor the performance of operational risk management and internal controls.
- Review the development and ongoing review of appropriate operational risk policies.

Compliance Risk

- Review the compliance risk processes that are in place to anticipate and effectively manage the impact of regulatory change on the Bank's operations;
- Oversee compliance by the Bank with applicable laws, regulations and regulatory requirements that may impact the Bank's risk profile;
- Discuss with management and external auditors any correspondences with NBC, regulators or government agencies, and any published reports that raise issues material to the Bank.

Reputation and Other Risk

- Review and monitor the performance of reputation risk management & controls.
- Review and monitor the performance of other risk types as appropriate.

Meetings

The Board Risk Management Committee schedules meeting at least once every three (3) months. The Board Risk Management Committee held Five (5) meetings in 2021.

THE BOARD REMUNERATION AND NOMINATION COMMITTEE

Purpose

Committee members are appointed by the Board with the following purposes:

- Assist the Board to develop and administer a fair and transparent procedure for setting policy on the remuneration of directors and senior management of the Bank, and determine their remuneration packages.
- Review selection and appointment practices of the Bank and the processes for evaluating the performance of the Board, Board committees and executive management committee members. Monitor and present recommendations regarding the Board governance issues.

Composition

At the end of 2021, the Committee is comprised of Three (3) members from the Board and the Management:

Name of Committee Member	Position
Mr. Peter Michael Buerger	Chairman, Independent Non-Executive Director
Dr. Pung Carolyne	Member, Executive Director
Ms. Sophea Sealin	Member, Corporate Secretary

Authority and Main Responsibility for Remuneration

- Make recommendations to the Board on the policy and structure of the Bank for all remuneration of directors and senior management, and establishment of a formal and transparent procedure for developing policy on such remuneration.
- Recommend to the Board the specific remuneration packages of all executive directors and senior management, including without limitation: base salaries, deferred compensation, stock option and any benefits in kind, pension rights and incentive payments and any compensation payable for loss or termination of their office or appointment, and make recommendations to the Chairman on the remuneration of non-executive directors. The Committee may consider factors such as salaries paid by comparable companies, time commitment and responsibilities, employment conditions elsewhere in the group and the market, and desirability of performance-based remuneration.
- Review and approve performance-based remuneration by reference to corporate goals and objectives resolved by the Board from time to time.
- Review and approve the compensation payable to executive directors and senior management in connection with any loss or termination of their office or appointment to ensure that such compensation is determined in accordance with relevant contractual terms and that such compensation is otherwise fair and not excessive for the Bank.
- Review and approve compensation arrangements related to dismissal or removal of directors for misconduct, and ensure that such arrangements are determined in accordance with relevant contractual terms and that any compensation payment is otherwise reasonable and appropriate.
- Provide advice to the Chairman of the Board regarding remuneration for supplementary duties and liabilities of Directors who are also members of a Board Committee.

Authority and Main Responsibility for Nomination

- Assess and enhance necessary and desirable competencies of the Board, its committees and directors.
- Make recommendation on the size and composition of the Board, including succession plans to enable an appropriate balance of skills, experience and expertise to be maintained.
- Make recommendations to the Board on the appointment and removal of directors.
- Review a process for evaluation of the performance of the Board.
- Identify candidates and review nominations for appointments of members of the Board and senior management.

- Review succession planning for the Chairman, alternate chairman, CEO, EVP and senior management, and talent review in the Bank.
- Monitor and make recommendations to the Board on board governance issues including board policies and practices as necessary or appropriate to enable the Board to operate effectively and efficiently.
- Monitor developing trends, initiatives or proposals in relation to board governance issues in Cambodia and elsewhere in order to determine the extent to which such initiatives impact the Bank and make recommendations to the Board on any changes to be implemented.

Meetings

The Board Remuneration and Nomination Committee schedules meetings at least once every three (3) months to assess matters as assigned by the Board. The Remuneration and Nomination Committee held Five (5) meetings in 2021.

THE BOARD OF INTERNAL CONTROL AND COMPLIANCE COMMITTEE

Purpose

This Committee was established in pursuant to the NBC's Prakas No. B7.010.172 Pro Kor, Internal Control of Bank and Financial Institutions. The Committee's functions are setup to ensure independent reporting to the Board on the Bank's compliance performance in a timely and effective manner, making the decision-making process efficient and responsive.

Composition

The Committee is comprised of Five (5) members including:

Name of Committee Member	Position
Mr. Leow Ming Fong	Chairman, Independent Non-Executive Director
Dr. Pung Carolyne	Member, Executive Director
Mr. Chen Lee Yiau Hui	Member, Executive Director
Mr. Raymond Sia Say Guan	Member, Executive Director
Mr. John Meinhold	Member, Independent Non-Executive Director

Authority and Responsibility

- Prepare and present to the Board a written report on the compliance assessment and corresponding recommendations reported by the Chief Compliance Officer.
- Take and keep minutes and other notes of quarterly and ad-hoc meetings.
- The membership of the Committee shall be updated from time to time, and approved by the Board.
- Report annually to the NBC according to the NBC's requirements.

Meetings

This Board Internal control and Compliance Committee schedules meetings at least once every three (3) months to assess matters as assigned by the Board. In 2021, the Committee held Six (6) meetings.

THE BOARD NEW ACTIVITIES AND PRODUCTS COMMITTEE

Purpose

This Committee was established in pursuant to the NBC's Prakas No. B7.010.172 Pro Kor, Internal Control of Bank and Financial Institutions. The Committee's functions are setup to ensure that all new products, activities, market entries, business processes and systems has fully assessed the control infrastructure, operational risks and economic value to the Bank are effectively and efficiently managed.

Composition

The Committee is comprised of Four (4) members including:

Name of Committee Member	Position
Mr. Peter Michael Buerger	Chairman, Independent Non-Executive Director
Mr. Raymond Sia Say Guan	Member, Executive Director
Mr. Vann Charles Chuon	Member, Executive Director
Mr. Phong Nguyen	Member, Independent Non-Executive Director

Authority and Responsibility

- Prepare and present to the Board a written report on the new products, activities, market entries and business processes and systems of the Bank.
- Assist the Board in the oversight and eventual approval of the development and introduction of new products and activities or variations thereof in accordance with the New Product Program.
- Monitor relevant market developments and make recommendations to the Board regarding the Bank's products, activities and services.

Meetings

This Board New Products and Activities Committee schedules meetings at least once every three (3) months to assess matters as assigned by the Board. In 2021, the Committee held Five (5) meetings.

CORPORATE SOCIAL RESPONSIBILITY

“At Canada Bank Plc., we recognize that our business success would not be possible without the support of Cambodian people. We are committed to our community, and we continue to share and give back through our donations and assistance. To be the Best Bank, we continue to create real value and sustainable economic growth and help reduce poverty in Cambodia”

CONTRIBUTIONS TO FIGHT COVID-19

Founder and Chairman of Canada Bank, Neak Oknha Dr. Pung Kheav Se, has been at the forefront when Cambodia experienced hardship and worked tirelessly to stop the spread of Covid-19. During the year, he contributed an additional US\$ 3 million to the Royal Government of Cambodia to support the activities to combat the spread of the pandemic. In May 2021, Neak Oknha Dr. Pung Kheav Se also contributed US\$ 2 million to the Royal Government of Cambodia to purchase Nokor Tep Hospital which will be converted to a government hospital to treat Covid-19 patients. By the end of 2021, Neak Oknha Dr. Pung Kheav Se has contributed a total of US\$ 8 million to the Royal Government of Cambodia to strengthen the fight against Covid-19.

CARING FOR OUR ENVIRONMENT

As the leading bank in Cambodia, Canadia Bank always contributes and cooperates with the Royal Government and other organizations in various social works and programs. On 4 December 2021, we sponsored and took part in the Tree Planting and Cleaning Event in Bokor City, Kampot Province bringing 200 seedlings to plant in the community. We also made donations to the local Children's Center.

This activity demonstrates Canadia Bank's strong support and commitment to environmental conservation as well as promoting youth participation in the protection of the environment and natural resources.

SPONSORSHIP TO CAMBODIAN CHINESE ASSOCIATIONS

The Bank is actively connected to Chinese community in Cambodia by engaging in various associations such as Teo Chew Chinese Association, LIM Family Chinese Association and other Chinese Associations. With our goal to support and encourage the growth among Chinese living in Cambodia, the Bank also sponsors Chinese schools and teachers.

DONATIONS TO CAMBODIAN RED CROSS AND HEALTH CARE

Promoting social development and improving healthcare are Canadia Bank's key priorities in its CSR projects. In 2021, we donated US\$ 180,000 to Cambodia Red Cross to support its nationwide social activities. The Bank also regularly donates its resources to the health care sector, particularly the Kantha Bopha Hospital, and the operations of Wat Pursat Health Center every month.

SPONSORSHIP OF ANGKOR INTERNATIONAL FESTIVAL OF THE ARTS 2021

Canadia Bank recognizes the importance of the country's cultural heritage to its growth and social development. In December 2021, the Bank sponsors a three-day art festival in Siem Reap. The event aims to celebrate all Cambodian art – old and new, and to promote the country's diverse talents. The festival includes performances from variety of artists such as musicians, painters, writers, and dancers.

CELEBRATING 30 YEARS OF EXCELLENT SERVICE TO THE CAMBODIAN PEOPLE

REPORT OF THE BOARD OF DIRECTORS

The Board of Directors ("the Board" or "the Directors") have pleasure in submitting their report together with the consolidated financial statements of Canadia Bank Plc. ("the Bank") and its Subsidiaries (collectively referred to as "the Group"), and the separate financial statements of the Bank for the year ended 31 December 2021.

Canadia Bank Plc.

The Bank is a commercial bank operating in accordance with the Cambodian Law on Commercial Enterprises and under the supervision of the National Bank of Cambodia ("NBC"), pursuant to the Law on Banking and Financial Institutions of Cambodia and in accordance with the Banking Licence No. 05 issued by the NBC, since 1991. The Bank's licence was renewed for an indefinite period following the NBC's Prakas No. B7-06-207, dated 13 September 2006.

Holding Company

The holding company of the Group is Canadia Investment Holding Plc. ("CIHP"), a public limited company incorporated in the Kingdom of Cambodia.

Principal Activities

The principal activities of the Bank consist of operations of core banking business and provisions of related financial services through the Bank's head office and various branches in Phnom Penh and in provinces.

There was no significant change in the nature of these principal activities during the year.

The Subsidiaries

In February 2010, Cana Securities Ltd. ("CSL") was incorporated in Cambodia as a wholly-owned Subsidiary of the Bank. CSL received its securities underwriting licence from the Securities and Exchange Regulator of Cambodia ("SERC") on 20 October 2010. The principal activities of the CSL are to provide securities-related services; these include, but are not limited to, securities underwriting, dealing, brokerage and investment related services.

In August 2015, the Bank and CIHP together incorporated Canadia Bank Lao Ltd. ("CBL") in Lao People's Democratic Republic (P.D.R) and respectively own 49% and 51% of the equity interest of CBL. Though with 49% interest, the Bank has signed an agreement with CIHP allowing the Bank the control over CBL and the rights to govern financial and operating policies of CBL. CBL received its banking license from the Bank of Lao P.D.R on 14 August 2015. The principal activities of CBL are to provide comprehensive banking and related financial services.

Financial Results

The financial results of the Group and the Bank for the year ended 31 December 2021 were as follows:

GROUP	2021		2020	
	US\$	Million Riel (Note 5)	US\$	Million Riel (Note 5)
Profit Before Income Tax	155,443,407	632,343	150,573,672	613,890
Income Tax Expense	(27,469,352)	(111,745)	(28,168,104)	(114,841)
Net Profit for the Year	127,974,055	520,598	122,405,568	499,049

BANK	2021		2020	
	US\$	Million Riel (Note 5)	US\$	Million Riel (Note 5)
Profit Before Income Tax	152,699,726	621,182	158,587,067	646,559
Income Tax Expense	(27,415,472)	(111,526)	(28,072,635)	(114,452)
Net Profit for the Year	125,284,254	509,656	130,514,432	532,107

Dividends

There was dividend of US\$90,000,000 appropriated from the retained earnings during the year (2020: US\$100,000,000) then reinvested in share capital, as disclosed in Note 26 to the financial statements.

Share Capital

The Bank's share capital was US\$580,000,000 at 31 December 2021 (2020: US\$490,000,000) as disclosed in Note 24 to the financial statements.

Reserves and Provisions

There were no other movements to or from reserves and provisions during the financial year other than those disclosed in the financial statements.

Losses Loans and Advances

Before the financial statements of the Group and the Bank were prepared, the Directors took reasonable steps to ascertain that actions had been taken in relation to the writing off of any bad loans and advances and the making of allowance for doubtful loans and advances, and satisfied themselves that all known bad loans and advances had been written off and adequate allowance had been made for doubtful loans and advances.

At the date of this report, the Directors are not aware of any circumstances, which would render the amount written off for bad loans and advances, or the amount of allowance for doubtful on loans and advances in the financial statements of the Group and the Bank, inadequate to any material extent.

Assets

Before the financial statements of the Group and the Bank were prepared, the Directors took reasonable steps to ensure that any assets, other than debts, which were unlikely to be realised in the ordinary course of business at their value as shown in the accounting records of the Group and the Bank had been written down to an amount which they might be expected to realise.

At the date of this report, the Directors are not aware of any circumstances, which would render the values attributed to the assets in the financial statements of the Group and the Bank misleading.

Valuation Methods

At the date of this report, the Directors are not aware of any circumstances which have arisen which render adherence to the existing method of valuation of assets and liabilities in the financial statements of the Group and the Bank misleading or inappropriate.

Contingent and Other Liabilities

At the date of this report, there does not exist:

- A. any charge on the assets of the Group and the Bank which has arisen since the end of the financial year which secures the liabilities of any other person, or
- B. any contingent liability in respect of the Group and the Bank that has arisen since the end of the financial year other than in the ordinary course of banking business.

No contingent or other liability of the Group and the Bank has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and the Bank to meet its obligations as and when they fall due.

Change of Circumstances

At the date of this report, the Directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements of the Group and the Bank, which would render any amount stated in the financial statements misleading.

Items of Unusual Nature

The results of the operations of the Group and the Bank for the financial year were not, in the opinion of the Directors, substantially affected by any item, transaction or event of a material and unusual nature except for the Covid-19.

Coronavirus and impact on Expected Credit Loss ("ECL")

The ECL was estimated based on a range of forecast economic conditions as at reporting date. The Novel Coronavirus ("the Covid-19") outbreak has spread across mainland China, Cambodia and beyond, causing disruption to business and economic activity. The impact on GDP and other key indicators has been considered when determining the severity and likelihood of downside economic scenarios that are used to estimate ECL in which the calculation of the ECL in this current environment is subject to significant uncertainty. Management provides its best estimate on the possible outcomes of the Covid-19 on the Group and the Bank; however, this estimate may move materially as events unfold.

There has not arisen in the interval between the end of the financial period and the date of this report any items, transactions or events of a material and unusual nature likely, in the opinion of the Directors, to substantially affect the results of the operations of the Group and the Bank for the current financial year in which this report is made.

THE BOARD OF DIRECTORS

The Directors who served during the year and at the date of this report are:

Name of Director	Position/Type of Directorship
Neak Oknha Dr. Pung Kheav Se	Chairman
Mr. Raymond Sia Say Guan	Chief Executive Officer/Executive Director
Mr. Vann Charles Chuon	Executive Director
Dr. Pung Carolyne	Executive Director
Mr. Chen Lee Yiau Hui	Executive Director
Mr. Yee Con Long	Executive Director
Mr. Leow Ming Fong	Independent, Non-Executive Director
Mr. Peter Michael Buerger	Independent, Non-Executive Director
Mr. John Meinhold	Independent, Non-Executive Director
Mr. Phong Nguyen	Independent, Non-Executive Director
Mr. Lim Socheat	Non-Executive Director

DIRECTORS' INTERESTS

Neak Oknha Dr. Pung Kheav Se and Dr. Pung Carolyne are the Bank's Directors who hold shares in CIHP, the Bank's ultimate parent.

DIRECTORS' BENEFITS

During and at the end of the financial year, no arrangements existed to which the Group and the Bank are a party with the object of enabling Directors of the Group and the Bank to acquire benefits by means of the acquisition of shares in or debentures of the Group and the Bank or any other body corporate.

During the financial year, no Director of the Group and the Bank have received or become entitled to receive any benefits (other than a benefit included in the aggregate amount of emoluments received or due and receivable by the Directors as disclosed in the financial statements) by reason of a contract made by the Group and the Bank or a related corporation with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest other than as disclosed in the financial statements.

DIRECTORS' RESPONSIBILITY IN RESPECT OF THE FINANCIAL STATEMENTS

The Board of Directors is responsible for ascertaining that the financial statements present fairly, in all material respects, the financial position of the Group and the Bank as at 31 December 2021, and its financial performance and its cash flows for the year then ended. In preparing these financial statements, the Board of Directors is required to:

1. adopt appropriate accounting policies which are supported by reasonable and prudent judgments and estimates and then apply them consistently;

2. comply with Cambodian International Financial Reporting Standards ("CIFRSs") or, if there have been any departures in the interest of true and fair presentation, ensure that these have been appropriately disclosed, explained and quantified in the financial statements;
3. oversee the Group's and the Bank's financial reporting process and maintain adequate accounting records and an effective system of internal controls;
4. assess the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so; and
5. effectively control and direct effectively the Group and the Bank in all material decisions affecting the operations and performance and ascertain that such have been properly reflected in the financial statements.

The Board of Directors confirms that they have complied with the above requirements in preparing the financial statements.

APPROVAL OF THE FINANCIAL STATEMENTS

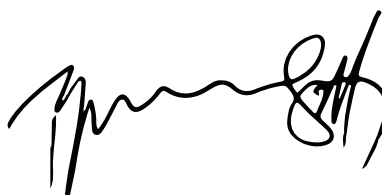

We hereby approve the accompanying financial statements together with the notes thereto as set out on pages 46 to 184 which, in our opinion, present fairly, in all material respects, the financial position of the Group and the Bank as at 31 December 2021, and its financial performance and its cash flows for the year then ended, in accordance with CIFRSs.

Signed on behalf of the Group and the Bank,

Neak Oknha Dr. Pung Kheav Se
Chairman

Phnom Penh, Kingdom of Cambodia
30 March 2022

Mr. Raymond Sia Say Guan
Chief Executive Officer

REPORT OF THE INDEPENDENT AUDITORS

To the shareholder of Canadia Bank Plc.

Opinion

We have audited the consolidated financial statements of Canadia Bank Plc. ("the Bank") and its Subsidiaries (collectively referred to as "the Group") and the separate financial statements of the Bank, which comprise the consolidated and the separate statements of financial position as at 31 December 2021, the consolidated and the separate statements of profit or loss and other comprehensive income, consolidated and the separate statements of changes in equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information as set out on pages 46 to 184 (hereafter referred to as "the financial statements").

In our opinion, the accompanying consolidated and separate financial statements present fairly, in all material respects, the consolidated and unconsolidated financial positions of the Group and the Bank as at 31 December 2021, and their consolidated and unconsolidated financial performance and their consolidated and unconsolidated cash flows for the year then ended in accordance with Cambodian International Financial Reporting Standards ("CIFRSs").

Basis for Opinion

We conducted our audit in accordance with Cambodian International Standards on Auditing ("CISAs"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group and the Bank in accordance with the ethical requirements that are relevant to our audit of the financial statements in Cambodia, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information obtained at the date of this auditors' report is the Report of the Board of Directors on pages 38 to 42, and the annual report, which is expected to be made available to us after that date. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with CIFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with CIsAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with CIsAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the subsidiaries within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO FINANCIAL STATEMENTS

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. REPORTING ENTITY

Canada Bank Plc. ("the Bank"), and its Subsidiaries, Cana Securities Ltd., are incorporated in the Kingdom of Cambodia, and the other Subsidiary, Canada Bank Lao Ltd., is incorporated in Lao P.D.R (together referred to as "the Group").

The Bank is a commercial bank operating in accordance with the Cambodian Law on Commercial Enterprises and under the supervision of the National Bank of Cambodia ("NBC"), pursuant to the Law on Banking and Financial Institutions of Cambodia and in accordance with the Banking Licence No. 05 issued by the NBC, since 1991. The Bank's licence was renewed for an indefinite period following the NBC's Prakas No. B7-06-207, dated 13 September 2006.

Canada Investment Holding Plc. ("CIHP"), a public limited company incorporated in the Kingdom of Cambodia, is the ultimate holding company of the Bank.

The principal activities of the Bank consist of the operation of core banking business and the provision of related financial services through the Bank's head office and various branches in Phnom Penh and in the provinces.

The Bank's registered office is currently located at No. 315, Ang Duong Street, Corner Monivong Boulevard, Phnom Penh, Kingdom of Cambodia. The Bank has a total of 63 branches located in Phnom Penh and major provinces in Cambodia.

2. BASIS OF ACCOUNTING

The financial statements of the Group and the Bank have been prepared in accordance with the Cambodian International Financial Reporting Standards ("CIFRSs").

The accounting policies and methods of computation have been applied consistently to all periods presented in these financial statements, unless otherwise indicated.

Details of the Group's and the Bank's accounting policies are included in Note 38.

The financial statements were authorised for issue by the Group and the Bank's Board of Directors on 30 March 2022.

3. FUNCTIONAL AND PRESENTATION CURRENCY

The Group and the Bank transact its business and maintain its accounting records in United States Dollars ("US\$"). Management has determined the US\$ to be the Group's and the Bank's functional and presentation currency as it reflects the economic substance of the underlying events and circumstances of the Group and the Bank.

These financial statements are presented in US\$, which is the Group's and the Bank's functional currency. All amounts have been rounded to the nearest dollar, except when otherwise indicated.

4. USE OF JUDGMENTS AND ESTIMATES

Use of judgments and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Group's and the Bank's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes.

- Note 38D(ii): classification of financial assets: assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are SPPI on the principal amount outstanding.
- Note 38D(vii): establishing the criteria for determining whether credit risk on the financial asset has increased significantly since initial recognition, determining methodology for incorporating forward-looking information into measurement of ECL and selection and approval of models used to measure ECL.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year are included in the following notes:

- Note 38D(vi): determination of the fair value of financial instruments with significant unobservable inputs.
- Note 38D(vii): impairment of financial instruments: determining inputs into the ECL measurement model, including incorporation of forward-looking information.
- Note 38D(vii): impairment of financial instruments: key assumptions used in estimating recoverable cash flows.

CORONAVIRUS AND IMPACT ON ECL

The ECL was estimated based on a range of forecast economic conditions as at reporting date. The Novel Coronavirus (Covid-19) outbreak has spread across mainland China, Cambodia and beyond, causing disruption to business and economic activity. The impact on GDP and other key indicators will be considered when determining the severity and likelihood of downside economic scenarios that are used to estimate ECL. Management estimates that the additional ECL of US\$3.9 million recorded as at 31 December 2021 (31 December 2020: US\$6.4 million) resulting from the overlay has been determined based on possible forward-looking scenarios, considering the facts, circumstances and forecast of the future economic conditions and supportable information that is available as at the reporting date.

The calculation of the ECL in this current environment is subject to significant uncertainty. Management provides its best estimate on the possible outcomes of Covid-19 on the Group and the Bank; however, this estimate may move materially as events unfold. Consequently, this number should not be seen as firm guidance or a forecast as to the final financial impacts expected. In the event the impacts are more severe or prolonged than anticipated in the scenarios, this will have a corresponding impact on the ECL, the financial position and performance of the Group and the Bank.

5. TRANSLATION OF UNITED STATES DOLLARS INTO KHMER RIEL

The financial statements are expressed in United States Dollars ("USD") which is the Group's and the Bank's functional currency. The translations of USD amounts into Khmer Riel ("KHR") meets the presentation requirements pursuant to Law on Accounting and Auditing and has been done in compliance with CIAS21-The Effects of Changes in Foreign Exchange Rates.

Assets and liabilities are translated at the closing rate as at the reporting date, share capital and other equity accounts are translated at the historical rate. The consolidated and separate statements of profit or loss and other comprehensive income and cash flows are translated into KHR at the average rate for the year, which have been deemed to approximate the exchange rates at the date of transaction as exchange rates have not fluctuated significantly during the period. Exchange differences arising from the translation are recognised as "Currency Translation Reserves" in the other comprehensive income. The Group and the Bank use the following exchange rates:¹

Financial year end			Closing Rate	Average Rate
31-Dec-21	US\$1	=	KHR4,074	KHR4,068
31-Dec-20	US\$1	=	KHR4,045	KHR4,077

These convenience translations should not be construed as representations that the United States Dollars amounts have been, could have been, or could in the future be, converted into Khmer Riels at this or any other rate of exchange.

B. Statutory capital deposit

Canadia Bank Plc.

Under the NBC's Prakas No. B7-01-136 dated 15 October 2001, the Group and the Bank are required to maintain a statutory deposit 10% of its capital. This deposit is not available for use in the Group's and the Bank's day-to-day operations and is refundable should the Group and the Bank voluntarily cease its operations in Cambodia.

Canadia Securities Ltd.

In compliance with the SERC's Prakas No. 009 on the licensing of securities firms and securities representatives, the Company is required to place a statutory deposit into SERC's bank account maintained with the NBC amounting to KHR4,000,000,000 equivalent to US\$981,836 for operating as a securities underwriter in Cambodia.

Canadia Bank Lao Co., Ltd ("CBL")

According to Decree No. 02/PR of BOL, commercial banks are required to maintain a minimum balance of special deposit at BOL which is equivalent to 25% of their paid-up capital to secure for their operational continuance. The Bank was then approved by the BOL to withdraw from this deposit account to supplement its working capital.

C. Reserve requirements on customers' deposits

Canadia Bank Plc.

Pursuant to the NBC's Prakas No. B7-020-230, bank and financial institutions are required to maintain the reserve requirements, which is calculated at 7% for both KHR and other currencies of the total daily average amount of deposits from customers, and borrowings from banks and financial institutions, at the NBC.

Canadia Bank Lao Co., Ltd ("CBL")

Under regulations of the BOL, the Bank is required to maintain certain cash reserves with the BOL in the form of compulsory deposits, which are computed at 3.00% for LAK and 5.00% for foreign currencies, on a fortnight basis, of customer deposits having original maturities of less than 12 months (2020: 4.00% and 8.00%).

D. By interest rate (per annum):

	2021	2020
The Group		
Statutory capital deposit	0.04%	0.48%
Reserve requirements on customers' deposits	Nil	Nil
The Bank		
Statutory capital deposit	0.04%	0.48%

	29,005,880	118,170	29,005,880	117,329

12. INVESTMENT IN SUBSIDIARIES (CONTINUED)

In February 2010, Cana Securities Ltd. ("CSL") was incorporated as a wholly-owned subsidiary of the Bank. CSL received its securities underwriting licence from the Securities and Exchange Commission of Cambodia on 20 October 2010. The principal activities of the CSL are to provide securities-related services; these include, but are not limited to, securities underwriting, dealing, brokerage and investment-related services. On 23 February 2013, the Bank injected additional capital of US\$841,600 to increase its investment in subsidiary to US\$11,000,000.

Canadia Bank Lao Ltd. ("CBL") is a commercial bank incorporated in Lao P.D.R and operating under its banking rules and regulations, in 2015. CBL started its commercial operations in September 2015. The Bank and CIHP respectively own 49% and 51% of the equity interest of CBL. The Bank, however, controls over this entity's operations through its proxy agreement with CIHP and its rights to appoint members of the Board of Directors of CBL.

The Bank				
Provision for seniority indemnity ⁽ⁱ⁾	-	-	-	-
Provision for staff gratitude ⁽ⁱⁱ⁾	13,153,632	53,588	10,810,982	43,730
	13,153,632	53,588	10,810,982	43,730

(i) Provision for seniority indemnity

This represents provision for seniority indemnity payments required by Prakas No. 443 issued by the Ministry of Labour and Vocational Training ("MoLVT") on 21 September 2018, and subsequently amended by the Instruction No. 042/19 dated 22 March 2019 which required the back-pay seniority indemnity to be calculated at a maximum amount of 6 months net wages (depends on the length of the service employee served) to the employee who has seniority before 2019. The payment shall be starting from 2021 onwards at the amount equal to 6 days of net pay per year.

(ii) Provision for staff gratitude

	2021		2020	
	US\$	Million Riel (Note 5)	US\$	Million Riel (Note 5)
The Group and the Bank				
At 1 January	10,810,982	43,730	11,125,474	45,336
Current service cost	513,131	2,087	1,526,735	6,224

Expense recognised in profit or loss (Note 31):

22. PROVISION FOR EMPLOYEE BENEFITS (CONTINUED)

(ii) Provision for staff gratitude (continued)

	2021		2020	
	US\$	Million Riel (Note 5)	US\$	Million Riel (Note 5)
The Group and the Bank				
Current service cost	513,131	2,087	1,526,735	6,224
Interest cost	601,562	2,447	595,824	2,429
	1,114,693	4,534	2,122,559	8,653

Actuarial assumptions

The following was the principal actuarial assumptions at the reporting date (expressed as weighted averages):

Discount rate (*)	6.00% per annum
Salary increase rate	5.50% per annum
Withdrawal rates	Age
25.00% per annum	Below age 29
15.00% per annum	Age 30 to 39
10.00% per annum	Age 40 to 49
Nil	Age 50 and above
Mortality rates	Thailand Mortality Ordinary 2017
Disability rates	5.00%
Retirement age	Age 60

(*)The expected term to obligation for the Group and the Bank is around 26 years. With reference to the average of government bonds yield issued by countries with a sovereign credit rating similar to that of Cambodia at 31 December 2021.

Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumption constant, would have affected the defined benefit obligations by the percentage shows below:

	Increase %	Decrease %
Discount rate (0.5% movement)	-3.31%	3.56%
Salary incremental rate (0.5% movement)	3.54%	-3.32%
Withdrawal rate (0.5% movement)	-0.01%	0.02%

23. INCOME TAX (CONTINUED)

B. Current income tax liability (continued)

In accordance with Cambodian Law on Taxation, the Company has an obligation to pay corporate income tax of either the profit tax at the rate of 20% of taxable profits or the minimum tax at 1% of gross revenues, whichever is higher.

According to Prakas 638, an entity is exempted from payment of minimum tax only as it meets the criteria as stipulated in the Prakas. The Bank has obtained the gold status certificate from General Department of Taxation ("GDT") on 6 March 2020 and exempted from payment of minimum tax for years 2020 and 2021.

C. Income tax expense

25. RESERVES (CONTINUED)

The Bank's general reserves were US\$98,050,777 as at 31 December 2021 (2020: US\$98,050,777). This reserve is not distributable unless approved by the NBC. The reserve is included as capital Tier I in the Bank's net worth calculation based on the NBC's guidelines.

Regulatory reserves

Regulatory reserves represented the variance of provision between loan impairment in accordance with CIFRSs and regulatory provision in accordance with the National Bank of Cambodia.

26. DIVIDENDS

During the year, dividend of US\$90 million was declared (2020: US\$100 million) to its sole shareholder, CIHP. It was from the appropriation of retained earnings and then was reinvested back from CIHP. The share capital increase was approved by the National Bank of Cambodia on 1 June 2021.

34. COMMITMENTS AND CONTINGENCIES

A. Operations

In the normal course of business, the Group and the Bank make various commitments and incurs certain contingencies with legal recourse to its customers. No material losses are anticipated from these transactions, which consist of:

	31 December 2021		31 December 2020	
	US\$	Million Riel (Note 5)	US\$	Million Riel (Note 5)
The Group				
Unused portion of approved credit facilities	106,790,877	435,066	135,892,209	549,684
Performance and bankers' guarantees	142,999,008	582,578	57,721,205	233,482
Bankers' acceptance	1,342,001	5,467	603,078	2,439
Documentary credits	4,638,699	18,898	7,167,528	28,993
Others	5,372,873	21,889	2,556,927	10,343
	261,143,458	1,063,898	203,940,947	824,941
The Bank				
Unused portion of approved credit facilities	106,675,474	434,596	135,756,031	549,133

Others	5,372,873	21,889	2,556,927	10,343
	261,028,055	1,063,428	203,804,769	824,390

The impairment loss allowance on above commitments amounting to US\$599,282 (2020: US\$228,157) was recorded in the impairment loss allowance on loans and advances to customers.

B. Taxation contingencies

The tax returns of the Group and of the Bank are subject to periodic examination by the tax authorities. As the application of tax laws and regulations to various types of transactions is susceptible to varying interpretations, amounts reported in the financial statements of the Group and of the Bank could be changed at a later date, upon final determination by the tax authorities.

35. RELATED PARTIES

A. Identity of related parties

For the purposes of these financial statements, parties are considered to be related to the Group and the Bank if the Group and the Bank has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the Bank and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

The Group and the Bank have related party relationships with its subsidiaries, substantial shareholders, associates and key management personnel.

Key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group and the Bank either directly or indirectly. The key management personnel include all the Directors of the Group and the Bank, and certain senior management members of the Group and the Bank.

Key management and other related companies have banking relationships with the Group and the Bank entities which are entered into in the normal course of business and on substantially the same terms, including interest rates, security, other banking services and transactions, as for comparable transactions with other persons of a similar standing or, where applicable, with other employees. These transactions did not involve more than the normal risk of repayment or present other unfavourable features.

B. Loans and advances to directors and key management

36. FINANCIAL RISK MANAGEMENT

A. Introduction and overview

The Group and the Bank has exposure to the following risks from financial instruments:

- credit risk;
- market risk;
- liquidity risk; and
- operational risk

This note presents information about the Group's and the Bank's exposure to each of the above risks, the Group's and the Bank's objectives, policies and processes for measuring and managing risk, and the Group's and the Bank's management of capital.

Risk management functional and governance structure

The Group's and the Bank's Board of Directors has overall responsibility for the establishment and oversight of the Group's and the Bank's risk management framework. The Board of Directors has established the Board of Risk Management Committee (BRMC), which is responsible for approving and monitoring Group's and the Bank's risk management policies.

The Group's and the Bank's risk management policies are established to identify and analyse the risks faced by the Group and the Bank, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. The risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's and the Bank's activities. The Group and the Bank, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's and the Bank's Audit Committee oversees how management monitors compliance with the Group's and the Bank's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group and the Bank. The Group's and the Bank's Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Group's and the Bank's Audit Committee.

B. Credit risk

Credit risk is the risk of financial loss to the Group and the Bank if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's and the Bank's loans and advances to customers and other banks, and investment debt securities. For risk management reporting purposes, the Group and the Bank consider and consolidates all elements of credit risk exposure – e.g. individual obligor default risk, country and sector risk.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

B. Credit risk (continued)

Credit risk is the potential loss of revenue and principal losses arising mainly from loans and advances and loan commitments as a result of default by the borrowers or counterparties through its lending activities.

(i). Management of credit risk

The Board of Directors created the Group and the Bank Credit Committee for the oversight of credit risk. A separate Bank Credit department, reporting to the Bank Credit Committee, is responsible for managing the Group's and the Bank's credit risk, including the following.

- Formulating credit policies in consultation with business units, covering collateral requirements, credit assessment, risk grading and reporting, documentary and legal procedures, and compliance with regulatory and statutory requirements.
- Establishing the authorisation structure for the approval and renewal of credit facilities. Authorisation limits are allocated to business unit Credit Officers. Larger facilities require approval by Bank Credit, the Head of Bank Credit, the Bank Credit Committee or the Board of Directors, as appropriate.
- Reviewing and assessing credit risk: Bank Credit assesses all credit exposures in excess of designated limits, before facilities are committed to customers by the business unit concerned. Renewals and reviews of facilities are subject to the same review process.
- Limiting concentrations of exposure to counterparties, geographies and industries (for loans and advances, financial guarantees and similar exposures), and by issuer, credit rating band, market liquidity and country (for investment securities).
- Developing and maintaining the Group's and the Bank's risk grading to categorise exposures according to the degree of risk of default. The current risk grading framework consists of 12 grades reflecting varying degrees of risk of default. The responsibility for setting risk grades lies with the final approving executive or committee, as appropriate. Risk grades are subject to regular reviews by Bank Risk.
- Developing and maintaining the Group's and the Bank's processes for measuring ECL: This includes processes for:
 - initial approval, regular validation and back-testing of the models used;
 - determining and monitoring significant increase in credit risk; and
 - incorporation of forward-looking information.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

B. Credit risk (continued)

(i). Management of credit risk (continued)

- Reviewing compliance of business units with agreed exposure limits, including those for selected industries, country risk and product types. Regular reports on the credit quality of local portfolios are provided to Bank Credit, which may require appropriate corrective action to be taken. These include reports containing estimates of ECL allowances.
- Providing advice, guidance and specialist skills to business units to promote best practice throughout the Bank in the management of credit risk.

Each business unit is required to implement Bank credit policies and procedures, with credit approval authorities delegated from the Bank Credit Committee. Each business unit has a Chief Credit Risk Officer who reports on all credit-related matters to local management and the Bank Credit Committee. Each business unit is responsible for the quality and performance of its credit portfolio and for monitoring and controlling all credit risks in its portfolios, including those subject to central approval.

Regular audits of business units and Bank Credit processes are undertaken by Internal Audit.

(ii). Concentration of risk

The following table presents the Group's and the Bank's maximum exposure to credit risk of on-balance sheet and off-balance sheet financial instruments, without taking into account of any collateral held or other credit enhancements. For on-balance sheet assets, the exposure to credit risk equals their carrying amount. For contingent liabilities, the maximum exposure to credit risk is the maximum amount that the Group and the Bank would have to pay if the obligations of the instruments issued are called upon. For credit commitments, the maximum exposure to credit risk is the full amount of the undrawn credit facilities granted to customers.

	4,789,043,023	19,510,561	4,360,392,460	17,637,788

(*) A "large exposure" is defined under the NBC's Prakas as the overall gross exposure of the aggregate balance of loans and advances with one single beneficiary, which exceeds 10% of the Group's and the Bank's net worth. The exposure is the higher of the outstanding loans or commitments and the authorised loans or commitments.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

B. Credit risk (continued)

(iii). Collateral

Whilst the Group's and the Bank's maximum exposure to credit risk is the carrying amount of the assets or, in the case of off-balance sheet instruments, the amount guaranteed, committed, accepted or endorsed, the likely exposure may be lower due to offsetting collateral, credit guarantees and other actions taken to mitigate the Group's and the Bank's exposure.

The description of collateral for each class of financial asset is set out below.

Cash and cash equivalents, balances with NBC, placement with other banks, investments and other assets

Collateral is generally not sought for these assets.

Loans and advances to customers, contingent liabilities and commitments

Certain Loans and advances to customers, contingent liabilities and commitments are typically collateralised to a substantial extent. In particular, residential mortgage exposures are generally fully secured by residential properties.

The table below summarises the Group's and the Bank's security coverage of its financial assets:

THE GROUP	Collateral/credit enhancement			Unsecured credit exposure US\$	Total US\$
	Properties US\$	Fixed deposits US\$	Others US\$

(iv). Credit quality of gross Loans and advances to customers

Pursuant to the NBC guideline Prakas B7-017-404, it has defined each credit grading according to its credit quality as follows:

Normal:

Outstanding facility is repaid on timely manner and is not in doubt for the future repayment. Repayment is steadily made according with the contractual terms and the facility does not exhibit any potential weakness in repayment capability, business, cash flow and financial position of the counterparty.

Special mention:

A facility in this class is currently protected and may not be past due but it exhibits potential weaknesses that may adversely affect repayment of the counterparty at the future date, if not corrected in a timely manner, and close attention by the Institution.

Weaknesses include but are not limited to a declining trend in the business operations of the counterparty or in its financial position, and adverse economic and market conditions that all might affect its profitability and its future repayment capacity, or deteriorating conditions on the collateral. This class has clearly its own rational and should not be used as a compromise between Normal and Substandard.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

B. Credit risk (continued)

(iv). Credit quality of gross Loans and advances to customers (continued)

Substandard:

A facility ranked in this class exhibits noticeable weakness and is not adequately protected by the current business or financial position and repayment capacity of the counterparty. In essence, the primary source of repayment is not sufficient to service the debt, not taking into account the income from secondary sources such as the realization of the collateral.

Factors leading to a substandard classification include:

- Inability of the counterparty to meet the contractual repayments' terms,
- Unfavourable economic and market conditions that would adversely affect the business and profitability of the counterparty in the future,
- Weakened financial condition and/or inability of the counterparty to generate enough cash flow to service the payments,
- Difficulties experienced by the counterparty in repaying other facilities granted by the Institution or by other institutions when the information is available, and
- Breach of financial covenants by the counterparty.

Doubtful:

A facility classified in this category exhibits more severe weaknesses than one classified Substandard such that its full collection on the basis of existing facts, conditions or collateral value is highly questionable or improbable. The prospect of loss is high, even if the exact amount remains undetermined for now.

Loss:

A facility is classified Loss when it is not collectable, and little or nothing can be done to recover the outstanding amount from the counterparty.

Recognition of ECL

The Group and the Bank apply a three-stage approach based on the change in credit quality since initial recognition:

3-Stage approach	Stage 1	Stage 2	Stage 3
	Performing	Underperforming	Nonperforming
Recognition of expected credit losses	12 months expected credit losses	Lifetime expected credit losses	Lifetime expected credit losses
Criterion	No significant increase in credit risk	Credit impaired assets significantly	Credit impaired assets
Basic of calculation of profit revenue	On gross carrying amount	On gross carrying amount	On net carrying amount

The Group and the Bank will measure ECL by using the general approach. The general approach consists of segregating the customers into three different stages according to the staging criteria by assessing the credit risk. 12-month ECL will be computed for stage 1, while lifetime ECL will be computed for stage 2 and stage 3. At each reporting date, the Group and the Bank will assess credit risk of each account as compared to the risk level at origination date.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

B. Credit risk (continued)

(iv). Credit quality of gross Loans and advances to customers (continued)

Long-term facilities (more than one year)

Stages	Credit Risk Status	Default Indicator
1	No significant increase in credit risk	Performing
2	Credit risk increased significantly	Underperforming
3	Credit impaired assets	Nonperforming

Short-term facilities (one year or less)

Stages	Credit Risk Status	Default Indicator
1	No significant increase in credit risk	Performing
2	Credit risk increased significantly	Underperforming
3	Credit impaired assets	Nonperforming

The Group and the Bank will use the day past due (DPD) information and NBC's classification for staging criteria. Also, the Group and the Bank will incorporate credit scoring or more forward looking elements in the future when information is more readily available.

As for financial assets that are short term in nature, simplified approach will be adopted where no staging criteria is required. In this case, it will be either performing (stage1) or non-performing.

Incorporation of forward-looking information

The Group and the Bank incorporates forward-looking information into both the assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and the measurement of ECL.

External information considered includes economic data and forecasts published by governmental bodies and monetary authorities in the countries where the Company operates, supranational organisations and selected private-sector and academic forecasters.

The Company has identified and documented key drivers of credit risk and credit losses for each portfolio of financial instruments in accordance with each country and, using an analysis of historical data, has estimated relationships between macro-economic variables and credit risk and credit losses.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

B. Credit risk (continued)

(v). Amounts arising from ECL

Loss allowance

The following tables show reconciliation from the opening to the closing balance of the loss allowance by class of financial instrument.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

C. Market risk

Market risk is the risk that changes in market prices – e.g. interest rates, foreign exchange rates and equity prices – will affect the Group's and the Bank's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i). Interest rate risk

Interest rate risk refers to the volatility in net interest income as a result of changes in the levels of interest rate and shifts in the composition of the assets and liabilities. Interest rate risk is managed through close monitoring of returns on investment, market pricing and cost of funds. The potential reduction in net interest income from an unfavourable interest rate movement is regularly monitored against the risk tolerance limits set.

The table below summarises the Group's and the Bank's exposure to interest rate risk.

Interest rate benchmark reform

A fundamental reform of major interest rate benchmarks is being undertaken globally, including the replacement of some interbank offered rates ("IBORs") with alternative nearly risk-free rates (referred to as "IBOR reform"). The Group and the Bank have significant exposure to certain IBORs on its financial assets instruments that will be reformed as part of these market-wide initiatives.

The main risks to which the Group and the Bank have been exposed as a result of IBOR reform are operational. For example, the renegotiation of loan contracts through bilateral negotiation with customers, updating of contractual terms, updating of systems that use IBOR curves and revision of operational controls related to the reform. Financial risk is predominantly limited to interest rate risk.

The Group and the Bank established a LIBOR transition project plan. This transition project is considering risk management policy adjustment, internal procedures modification, information system update, financial instrument valuation model adjustment and related issues of accounting and taxation. The Group and the Bank have started to discuss the modification of contracts with the counterparties in the financial instrument transactions and expect to accomplish modification before interest rate transition.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

C. Market risk (continued)

(ii). Foreign currency exchange risk

Foreign currency exchange risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates.

The Group and the Bank have no material exposures to foreign currency exchange risk as it transacts essentially in US Dollars. Therefore, no sensitivity analysis for foreign currency exchange risk was presented.

Concentration of currency risk

The amounts of financial assets and liabilities, by currency denomination, are as follows:

D. Liquidity risk

'Liquidity risk' is the risk that the Group and the Bank will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises from mismatches in the timing and amounts of cash flows, which is inherent to the Group's and the Bank's operations and investments.

Management of liquidity risk

The Group and the Bank manages its liquidity through its Asset Liability Management Committee which is responsible for establishing the liquidity policy as well as monitoring liquidity on an ongoing basis. A Minimum Liquid Asset requirement has been established to ensure that the ratio of liquid assets to qualifying liabilities is subject to a minimum threshold at all times.

The table below summarises the Group's and the Bank's assets and liabilities based on remaining contractual maturities. The expected cash flows of these assets and liabilities could vary significantly from what is shown in the table. For example, deposits from customers are not all expected to be withdrawn immediately.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

E. Operational risk

The operational risk is the risk of losses arising from inadequate or failed internal processes, people or systems or from external factors. This risk is managed through established operational risk management processes, proper monitoring and reporting of the business activities by control and oversight provided by the senior Management. This includes legal, compliance, accounting and fraud risk.

The operational risk management entails the establishment of clear organizational structures, roles and control policies. Various internal control policies and measures have been implemented. These include the establishment of signing authorities, defining system parameters controls, streaming procedures and documentation ensuring compliance with regulatory and legal requirements. These are reviewed continually to address the operational risks of its banking business.

F. Capital management

(i). Regulatory capital

The Group's and the Bank's objectives when managing capital, which is a broader concept than the "equity" on the face of the statement of financial position, are:

- To comply with the capital requirements set by the NBC;
- To safeguard the Group's and the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- To maintain a strong capital base to support the development of the business.

The Group's and the Bank's policy is to maintain a strong capital base so as to maintain market confidence and to sustain further development of the business. The impact of the level of capital on shareholders' return is also recognised and the Group and the Bank recognised the need to maintain a balance between the higher returns that might be possible with greater gearing and advantages and security afforded by a sound capital position.

The above regulated capital is calculated in accordance with the guidance issued by the NBC which may be different in some material respects compared to generally accepted principles applied by financial institutions in other jurisdiction. The above regulated capital information is therefore not intended for users who are not informed about the guidance issued by the NBC.

(ii). Capital allocation

The allocation of capital between specific operations and activities is, to a large extent, driven by optimisation of the return achieved on the capital allocated. The amount of capital allocated to each operation or activity is based primarily upon the regulatory capital.

37. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

Financial instruments comprise financial assets, financial liabilities and off-balance sheet instruments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group and the Bank has access at that date. The information presented herein represents the estimates of fair values as at the financial position date.

Quoted and observable market prices, where available, are used as the measure of fair values of the financial instruments. Where such quoted and observable market prices are not available, fair values are estimated based on a range of methodologies and assumptions regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows and other factors.

Fair value information for non-financial assets and liabilities are excluded as they do not fall within the scope of CIFRS 7: Financial Instruments Disclosures which requires the fair value information to be disclosed. These include investment in subsidiaries and property and equipment.

The fair value of the Group's and the Bank's financial instruments such as cash and short-term funds, balances with the National Bank of Cambodia, deposits and placements with banks and other financial institutions, deposits from customers and banks, other assets, other liabilities and short-term borrowings are not materially sensitive to shifts in market profit rate because of the limited term to maturity of these instruments. As such, the carrying value of these financial assets and liabilities at financial position date approximate their fair values.

The fair values are based on the following methodologies and assumptions:

Investments

The estimated fair values are generally based on quoted and observable market prices. Where there is no ready market in certain securities, fair values have been estimated by reference to market indicative yields or net tangible asset backing of the investee.

Financing, advances and others

The fair value is estimated by discounting the estimated future cash flows using the prevailing market rates of financing with similar credit risks and maturities.

37. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (CONTINUED)

Fair value hierarchy

CIFRS 7 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources and unobservable inputs reflect the Group's and the Bank's market assumptions. The fair value hierarchy is as follows:

- Level 1 – Quoted price (unadjusted) in active markets for the identical assets or liabilities. This level includes listed equity securities and debt instruments.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3 – Inputs for asset or liability that are not based on observable market data (unobservable inputs). This level includes equity instruments and debt instruments with significant unobservable components.

The carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy are as follows. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

38. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements unless otherwise indicated.

A. Basis of measurement

The financial statements have been prepared on a historical cost, except as set out in Note 38D.

B. Basis of consolidation

(i). Business combinations

The Group accounts for business combinations using the acquisition method when control is transferred to the Group. The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in profit or loss immediately. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognised in profit or loss.

(ii). Subsidiaries

'Subsidiaries' are entities controlled by the Group. The Group 'controls' an entity if it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group reassesses whether it has control if there are changes to one or more of the elements of control. This includes circumstances in which protective rights held (e.g. those resulting from a lending relationship) become substantive and lead to the Group having power over an investee.

The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of consolidation (continued)

(iii). Non-controlling interests

NCI are measured initially at their proportionate share of the acquiree's identifiable net assets at the date of acquisition. Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

(iv). Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

(v). Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses (except for foreign currency transaction gains or losses) arising from intra-group transactions, are eliminated.

Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

C. Foreign currency

(i). Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of Group companies at the exchange rates at the date of the transactions.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. The foreign currency gain or loss on monetary items is the difference between the amortised cost in the functional currency at the beginning of the year, adjusted for effective interest, impairment and payments during the year, and the amortised cost in the foreign currency translated at the spot exchange rate at the end of the year.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Foreign currency (continued)

(i). Foreign currency transactions (continued)

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value is determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Foreign currency differences arising on translation are generally recognised in profit or loss. However, foreign currency differences arising from the translation of the following items are recognised in OCI:

- equity investments in respect of which an election has been made to present subsequent changes in fair value in OCI (see Note 11).

(ii). Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into US Dollar at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into US Dollar at the exchange rates at the dates of the transactions.

Foreign currency differences are recognised in OCI and accumulated in the translation reserve, except to the extent that the translation difference is allocated to NCI.

When a foreign operation is disposed of in its entirety or partially such that control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. If the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, then the relevant proportion of the cumulative amount is reattributed to NCI.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities

(i). Recognition and initial measurement

The Group and the Bank initially recognises loans and advances, borrowings and subordinated liabilities on the date on which they are originated. All other financial instrument (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the Group and the Bank become a party to the contractual provisions of the instrument.

A financial asset or financial liability is measured initially at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

(ii). Classification

Financial assets

On initial recognition, a financial asset is classified as measured at: amortised cost, FVOCI or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

A debt instrument is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

On initial recognition of an equity investment that is not held for trading, the Group and the Bank may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

All other financial assets are classified as measured at FVTPL.

In addition, on initial recognition, the Group and the Bank may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(ii). Classification (continued)

Financial assets (continued)

Business model assessment

The Group and the Bank makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual interest revenue, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group's and the Bank's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;
- how managers of the business are compensated (e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Group's and the Bank's stated objective for managing the financial assets is achieved and how cash flows are realised.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

Assessment of whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Group and the Bank considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(ii). Classification (continued)

Financial assets (continued)

In making the assessment, the Group and the Bank considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Group's and the Bank's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

Non-recourse loans

In some cases, loans made by the Group and the Bank that are secured by collateral of the borrower limit the Group's and the Bank's claim to cash flows of the underlying collateral (non-recourse loans). The Group and the Bank applies judgment in assessing whether the non-recourse loans meet the SPPI criterion. The Group and the Bank typically considers the following information when making this judgement:

- whether the contractual arrangement specifically defines the amounts and dates of the cash payments of the loan;
- the fair value of the collateral relative to the amount of the secured financial asset;
- the ability and willingness of the borrower to make contractual payments, notwithstanding a decline in the value of collateral;
- whether the borrower is an individual or a substantive operating entity or is a special-purpose entity;
- the Group's and the Bank's risk of loss on the asset relative to a full-recourse loan;
- the extent to which the collateral represents all or a substantial portion of the borrower's assets; and
- whether the Group and the Bank will benefit from any upside from the underlying assets.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Group and the Bank changes its business model for managing financial assets.

(iii). Derecognition

Financial assets

The Group and the Bank derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group and the Bank neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(iii). Derecognition (continued)

Financial assets (continued)

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

Financial liabilities

The Group and the Bank derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

(iv). Modifications of financial assets and financial liabilities

Financial assets

If the terms of a financial asset are modified, then the Group and the Bank evaluate whether the cash flows of the modified asset are substantially different.

If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised (see (iii)) and a new financial asset is recognised at fair value plus any eligible transaction costs. Any fees received as part of the modification are accounted for as follows:

- fees that are considered in determining the fair value of the new asset and fees that represent reimbursement of eligible transaction costs are included in the initial measurement of the asset; and
- other fees are included in profit or loss as part of the gain or loss on derecognition.
- If cash flows are modified when the borrower is in financial difficulties, then the objective of the modification is usually to maximise recovery of the original contractual terms rather than to originate a new asset with substantially different terms. If the Group and the Bank plans to modify a financial asset in a way that would result in forgiveness of cash flows, then it first considers whether a portion of the asset should be written off before the modification takes place (see below for write-off policy). This approach impacts the result of the quantitative evaluation and means that the derecognition criteria are not usually met in such cases.
- If the modification of a financial asset measured at amortised cost or FVOCI does not result in derecognition of the financial asset, then the Group and the Bank first recalculates the gross carrying amount of the financial asset using the original effective interest rate of the asset and recognises the resulting adjustment as a modification gain or loss in profit or loss. For floating-rate financial assets, the original effective interest rate used to calculate the modification gain or loss is adjusted to reflect current market terms at the time of the modification. Any costs or fees incurred and fees received as part of the modification adjust the gross carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.
- If such a modification is carried out because of financial difficulties of the borrower, then the gain or loss is presented together with impairment losses. In other cases, it is presented as interest income calculated using the effective interest rate method.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(iv). Modifications of financial assets and financial liabilities (continued)

Financial liabilities

The Group and the Bank derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability derecognised and consideration paid is recognised in profit or loss. Consideration paid includes non-financial assets transferred, if any, and the assumption of liabilities, including the new modified financial liability.

If the modification of a financial liability is not accounted for as derecognition, then the amortised cost of the liability is recalculated by discounting the modified cash flows at the original effective interest rate and the resulting gain or loss is recognised in profit or loss. For floating-rate financial liabilities, the original effective interest rate used to calculate the modification gain or loss is adjusted to reflect current market terms at the time of the modification. Any costs and fees incurred are recognised as an adjustment to the carrying amount of the liability and amortised over the remaining term of the modified financial liability by re-computing the effective interest rate on the instrument.

Interest rate benchmark reform (policy applied from 1 January 2021)

If the basis of determining the contractual cash flows of a financial asset or financial liability measured at amortised cost changes as a result of interest rate benchmark reform, then the Group and the Bank update the effective interest rate of the financial asset or financial liability to reflect the change that is required by the reform. A change in the basis for determining the contractual cash flows is required by interest rate benchmark reform if the following conditions are met:

- the change is necessary as a direct consequence of the reform; and
- the new basis for determining the contractual cash flows is economically equivalent to the previous basis – i.e. the basis immediately before the change.

If changes are made to a financial asset or financial liability in addition to changes to the basis for determining the contractual cash flows required by interest rate benchmark reform, then the Group and the Bank first update the effective interest rate of the financial asset or financial liability to reflect the change that is required by interest rate benchmark reform. After that, the Group and the Bank apply the policies on accounting for modifications set out above to the additional changes.

(v). Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group and the Bank has a legal right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(vi). Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group and the Bank has access at that date. The fair value of a liability reflects its non-performance risk.

When one is available, the Group and the Bank measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Group and the Bank uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Group and the Bank determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognised in profit or loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Group and the Bank measures assets and long positions at a bid price and liabilities and short positions at an ask price.

Portfolios of financial assets and financial liabilities that are exposed to market risk and credit risk that are managed by the Group and the Bank on the basis of the net exposure to either market or credit risk are measured on the basis of a price that would be received to sell a net long position (or paid to transfer a net short position) for the particular risk exposure. Portfolio-level adjustments – e.g. bid-ask adjustment or credit risk adjustments that reflect the measurement on the basis of the net exposure – are allocated to the individual assets and liabilities on the basis of the relative risk adjustment of each of the individual instruments in the portfolio.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(vi). Fair value measurement (continued)

The fair value of a financial liability with a demand feature (e.g. a demand deposit) is not less than the amount payable on demand, discounted from the first date on which the amount could be required to be paid.

The Group and the Bank recognise transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

(vii). Impairment

The Group and the Bank recognises loss allowances for ECL on the following financial instruments that are not measured at FVTPL:

- financial assets that are debt instruments; and
- loan commitments issued.

No impairment loss is recognised on equity investments.

The Group and the Bank measures loss allowances at an amount equal to lifetime ECL, except for the following, for which they are measured as 12-month ECL:

- debt investment securities that are determined to have low credit risk at the reporting date; and
- other financial instruments on which credit risk has not increased significantly since their initial recognition.

12-month ECL are the portion of ECL that result from default events on a financial instrument that are possible within the 12 months after the reporting date. Financial instruments for which a 12-month ECL is recognised are referred to as 'Stage 1 financial instruments'.

Life-time ECL are the ECL that result from all possible default events over the expected life of the financial instrument. Financial instruments for which a lifetime ECL is recognised but which are not credit-impaired are referred to as 'Stage 2 financial instruments'.

At each reporting date, the Group and the Bank assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group and the Bank considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's and the Bank's historical experience and informed credit assessment and includes forward-looking information.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(vii). Impairment (continued)

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group and the Bank is exposed to credit risk.

Determining whether credit risk has increased significantly

The Group and the Bank assesses whether credit risk has increased significantly since initial recognition at each reporting date. Determining whether an increase in credit risk is significant depends on the characteristics of the financial instrument and the borrower, and the geographical region.

The Group and the Bank considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due. Days past due are determined by counting the number of days since the earliest elapsed due date in respect of which full payment has not been received. Due dates are determined without considering any grace period that might be available to the borrower.

If there is evidence that there is no longer a significant increase in credit risk relative to initial recognition, then the loss allowance on an instrument returns to being measured as 12-month ECL.

Definition of default

The Group and the Bank considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group and the Bank in full, without recourse by the Group and the Bank to actions such as realising security (if any is held); or
- The Group and the Bank considers that a significant increase in credit risk occurs no later than when an asset is more than or equal to 30 days past due for long-term facilities or more than or equal to 15 days past due for short-term facilities.

Measurement of ECL

ECL are a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group and the Bank expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows; and
- undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Group and the Bank if the commitment is drawn down and the cash flows that the Group and the Bank expects to receive.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(vii). Impairment (continued)

Measurement of ECL (continued)

Inputs, assumptions and techniques used for estimating impairment

The key inputs into the measurement of ECL are the term structure of the following variables:

- Probability of default ("PD");
- Loss given default ("LGD"); and
- Exposure at default ("EAD").

ECL for exposures in Stage 1 is calculated by multiplying the 12-month PD by LGD and EAD. Lifetime ECL is calculated by multiplying the lifetime PD by LGD and EAD.

The statistical model has been employed to analyse data collected and generate estimate of remaining lifetime PD of exposure and how these are expected to change as result of passage of time. LGD is the magnitude of the likely loss if there is a default. The Group and the Bank estimates LGD parameters based on the history of recovery rates of claims against defaulted counterparties. The LGD models consider the structure, collateral, seniority of the claim, counterparty industry and recovery costs of any collateral that is integral to the financial asset. For loans secured by retail property, LTV ratios are a key parameter in determining LGD. LGD estimates are recalibrated for different economic scenarios and, for real estate lending, to reflect possible changes in property prices. They are calculated on a discounted cash flow basis using the effective interest rate as the discounting factor.

EAD represents the expected exposure in the event of a default. The Group and the Bank derives the EAD from the current exposure to the counterparty and potential changes to the current amount allowed under the contract and arising from amortisation. The EAD of a financial asset is its gross carrying amount at the time of default. For lending commitments, the EADs are potential future amounts that may be drawn under the contract, which are estimated based on historical observations and forward-looking forecasts. For some financial assets, EAD is determined by modelling the range of possible exposure outcomes at various points in time using scenario and statistical techniques.

As described above, and subject to using a maximum of a 12-month PD for Stage 1 financial assets, the Group and the Bank measures ECL considering the risk of default over the maximum contractual period (including any borrower's extension options) over which it is exposed to credit risk, even if, for credit risk management purposes, the Group and the Bank considers a longer period. The maximum contractual period extends to the date at which the Group and the Bank has the right to require repayment of an advance or terminate a loan commitment or guarantee.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(vii). Impairment (continued)

Measurement of ECL (continued)

Restructured financial assets

If the terms of a financial asset are renegotiated or modified or an existing financial asset is replaced with a new one due to financial difficulties of the borrower, then an assessment is made of whether the financial asset should be derecognised and ECL are measured as follows:

- If the expected restructuring will not result in derecognition of the existing asset, then the expected cash flows arising from the modified financial asset are included in calculating the cash shortfalls from the existing asset.
- If the expected restructuring will result in derecognition of the existing asset, then the expected fair value of the new asset is treated as the final cash flow from the existing financial asset at the time of its derecognition. This amount is included in calculating the cash shortfalls from the existing financial asset that are discounted from the expected date of derecognition to the reporting date using the original effective interest rate of the existing financial asset.

Credit-impaired financial assets

At each reporting date, the Group and the Bank assesses whether financial assets carried at amortised cost and debt financial assets carried at FVOCI are credit-impaired (referred to as 'Stage 3 financial assets'). A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a loan or advance by the Group and the Bank on terms that the Group and the Bank would not consider otherwise;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

A loan that has been renegotiated due to a deterioration in the borrower's condition is usually considered to be credit-impaired unless there is evidence that the risk of not receiving contractual cash flows has reduced significantly and there are no other indicators of impairment. In addition, a loan that is overdue for 90 days or more is generally considered credit-impaired unless there is any other qualitative factor proving otherwise.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position for financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial assets and financial liabilities (continued)

(vii). Impairment (continued)

Measurement of ECL (continued)

Write-off

Loans and advances are written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Group and the Bank determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Recoveries of amounts previously written off are included in 'impairment losses on financial instruments' in the statement of profit or loss and OCI.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's and the Bank's procedures for recovery of amounts due.

E. Cash and cash equivalents

Cash and cash equivalents consist of cash and Bank balances, demand deposits and short-term highly liquid investments with original maturities of three months or less when purchased, and that are readily convertible to known amounts of cash and subject to an insignificant risk of changes in value.

F. Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of the ordinary share are recognised as a deduction from equity, net of any tax effects. Other shares are classified as equity and/or liability according to the economic substance of the particular instrument. Distributions to holders of a financial instrument classified as an equity instrument are charged directly to equity.

G. General reserves and regulatory reserves

The general reserves are set up for any overall financial risk. The Board of Directors exercises its discretion for the use and maintenance of the general reserves. The transfer from retained earnings to general reserves is subject to the approval of Board of Directors of the Group and the Bank.

Regulatory reserves are set up for the variance of provision between loan impairment in accordance with CIFRS and regulatory provision in accordance with NBC's Prakas No. B7-017-404 dated 1 December 2017 and Circular No. B7-018-001 Sor Ror Chor Nor dated 16 February 2018 on credit risk classification and provision on impairment for banks and financial institutions. In accordance with Article 73, the entity shall compare the provision calculated in accordance with Article 49 to 71 and the provision calculated in accordance with Article 72, and then record:

- (i) In case that the regulatory provision calculated in accordance with Article 72 is lower than provision calculated in accordance with Article 49 to 71, the entity records the provision calculated in accordance with CIFRS; and

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. General reserves and regulatory reserves (continued)

- (ii) In case that the regulatory provision calculated in accordance with Article 72 is higher than provision calculated in accordance with Article 49 to 71, the entity records the provision calculated in accordance with CIFRS and transfer the difference from retained earnings or accumulated loss account into regulatory reserve in shareholders' equity of the statement of the financial position.

The regulatory reserves are not an item to be included in the calculated of the Institution's net worth.

On 28 December 2021, the NBC issued a new Circular, No. B7-021-2314 CL on Classification and Provisioning Requirement on Restructured Loans, which aims at phasing out the forbearance period for the existing restructured loans and phasing the classification and provisioning arrangements complying with the current regulation, Prakas No. B7-017-344 dated 01 December 2017 on Credit Risk Grading and Impairment Provisioning. In this regard, all restructured loans by 31 December 2021 shall be classified and provisioned based on the requirements under this circular. For loans that were still in the assessment period, they shall be kept at the same classification as before the restructured terms of contract.

Following the NBC's workshop on "the Circular on Classification and Provisioning Requirement for Restructured Loans" held on 18 January 2022, the NBC issued a communication on 4 February 2022 allowing banking and financial institutions ("BFIs") to defer the implementation of the new Circular until

January 2022 onward though early adoption is encouraged. The Group and the Bank chose to defer the implementation of the new Circular in preparing these financial statements for the year ended 31 December 2021.

H. Deposits and placements with banks

Deposits and placements with banks are stated at cost less impairment for any uncollectable amounts.

I. Statutory deposits

Statutory deposits included in balances with the NBC are maintained in compliance with the Cambodian Law on Banking and Financial Institutions and are determined by the defined percentage of the minimum share capital and the customers' deposits as required by NBC.

J. Loans and advances

'Loans and advances' captions in the statement of financial position include loans and advances measured at amortised cost; they are initially measured at fair value plus incremental direct transaction costs, and subsequently at their amortised cost using the effective interest method.

K. Other assets

Other assets are carried at cost less impairment if any.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Investment securities

The 'investment securities' caption in the statement of financial position includes:

debt investment securities measured at amortised cost (see 38D(ii)); these are initially measured at fair value plus incremental direct transaction costs, and subsequently at their amortised cost using the effective interest method;

- debt and equity investment securities mandatorily measured at FVTPL or designated as at FVTPL; these are at fair value with changes recognised immediately in profit or loss;
- debt securities measured at FVOCI; and
- equity investment securities designated as at FVOCI.

For debt securities measured at FVOCI, gains and losses are recognised in OCI, except for the following, which are recognised in profit or loss in the same manner as for financial assets measured at amortised cost:

- interest revenue using the effective interest method;
- ECL and reversals; and
- foreign exchange gains and losses.

When debt security measured at FVOCI is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss.

The Group elects to present changes in the fair value of certain investments in equity instruments that are not held for trading in OCI. The election is made on an instrument-by-instrument basis on initial recognition and is irrevocable.

Fair value gains and losses on such equity instruments are never reclassified to profit or loss and no impairment is recognised in profit or loss. Dividends are recognised in profit or loss unless they clearly represent a recovery of part of the cost of the investment, in which case they are recognised in OCI. Cumulative gains and losses recognised in OCI are transferred to retained earnings on disposal of an investment.

M. Intangible assets

Intangible assets, which comprise acquired computer software licenses and related cost, are stated at cost less accumulated amortisation and impairment loss. Acquired computer software is capitalised on the basis of the costs incurred to acquire the specific software and bring it to use. These costs are amortised with estimate useful lives between 5 to 10 years using straight line method.

Costs associated with maintaining computer software programs are recognised as expense when incurred.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Property and equipment

(i). Recognition and measurement

Items of property and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs. Cost also may include transfers from equity of any gain or loss on qualifying cash flow hedges of foreign currency purchases of property and equipment.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of property and equipment have different useful lives, they are accounted for as separate items (major components) of property and equipment.

(ii). Subsequent costs

The gain or loss on disposal of an item of property and equipment is determined by comparing the proceeds from disposal with the carrying amount of property and equipment and is recognised net within "other income" and "other expenses" respectively in profit or loss.

The cost of replacing a component of an item of property and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group and the Bank, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day-to-day servicing of property and equipment are recognised in profit or loss as incurred.

(iii). Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss over the estimated useful lives of each component of an item of property and equipment.

Depreciation is recognised from the date that the property and equipment are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Property and equipment (continued)

(iii). Depreciation (continued)

Land and buildings are recognised at fair value based on periodic, but at least triennial, valuations by external independent valuers, less subsequent depreciation for buildings. A revaluation surplus is credited to other reserves in shareholders' equity. Buildings are being depreciated over the remaining useful lives after revaluation. All other property and equipment is recognised at historical cost less depreciation.

Freehold land and construction in progress are not depreciated. Depreciation of property and equipment is calculated using the following methods with estimate useful lives:

	Useful lives
Buildings – Straight line	20 Years
Vehicles – Straight line	5 to 8 Years
Office equipment – Straight line	5 to 10 Years
Furniture and fixtures – Straight line	5 Years
Computers and IT equipment – Straight line	3 to 6 Years

Depreciation methods, useful lives and residual values are reassessed at end of the reporting period and adjusted if appropriate.

O. Leases

At inception of a contract, the Group and the Bank assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for period of time in exchange for consideration.

(i). As a lessee

At inception or on reassessment of a contract that contains a lease and non-lease component, the Group and the Bank allocates the consideration in the contract to each lease component and aggregate of non-lease components on the basis of their relative stand-alone prices. However, for the leases of land and buildings in which it is a lessee, the Group and the Bank has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group and the Bank recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Leases (continued)

(i). As a lessee (continued)

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The estimated useful lives for the current period are as follows:

- Building and office branches 2 – 50 years

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, to the lessee's incremental borrowing rate. Generally, the Group and the Bank uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

Lease payments included in the measurement of the lease liability comprise: (continued)

- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group and the Bank is reasonably certain to exercise, lease payments in an optional renewal period if the Group and the Bank is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group and the Bank is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in the lease term, a change in the assessment of the option to purchase the underlying asset, a change in future lease payments arising from a change in an index or rate, or if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group and the Bank present right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'loans and borrowings' in the statement of financial position.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Leases (continued)

(i). As a lessee (continued)

Short-term leases and leases of low-value assets

The Group and the Bank have elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The Group and the Bank recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(ii). As a lessor

At inception or on modification of a contract that contains a lease component, the Group and the Bank allocates the consideration in the contract to each lease component on the basis of their relative standalone prices.

When the Group and the Bank acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group and the Bank makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group and Bank considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

When the Group and the Bank is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group and the Bank applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, then the Group and the Bank applies CIFRS 15 to allocate the consideration in the contract.

The Group and Bank applies the derecognition and impairment requirements in CIFRS 9 to the net investment in the lease (see Note 3(e)(i)). The Company further regularly reviews estimated unguaranteed residual values used in calculating the gross investment in the lease.

The Group and the Bank recognise lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other operating income'.

P. Borrowings

Borrowings are initially measured at fair value minus incremental direct transaction costs, and subsequently measured at amortised cost using effective interest method.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Employee benefits

(i). Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group and the Bank has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii). Other long-term employee benefits

The Group's and the Bank's net obligation in respect of long-term employee benefits is the amount of the benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurements are recognised in profit or loss in the period in which they arise.

(iii). Provision for staff gratitude

The Bank provides its employees with retirement and resignation benefits.

- At the age of retirement, the retired employee will be given compensation based on the number of full years' service rendered multiplied by the final month's salary.
- An employee who has worked for the Bank for two years or more is entitled upon resignation to a lump sum payment representing the employee's final month's salary multiplied by the number of full years' service rendered.

Effective from 1 July 2021, the Bank terminated the retirement benefits and revised the resignation benefits as follow:

- An employee who has worked for the Bank for two to five years is entitled upon resignation to a lump sum payment representing 50% of the employee's final month's salary multiplied by the number of full years' service rendered.
- An employee who has worked for the Bank for more than five years to ten years is entitled upon resignation to a lump sum payment representing 75% of the employee's final month's salary multiplied by the number of full years' service rendered.
- An employee who has worked for the Bank for more than ten years is entitled upon resignation to a lump sum payment representing 100% of the employee's final month's salary multiplied by the number of full years' service rendered.

The payment of employment benefits is subject to the discretion of the Bank's management.

The change in the benefits plan are applied prospectively and resulted in a decrease in current service cost amounting to US\$846,405 charge to profit or loss for the year.

The Bank recognises the provision for the employment benefits in the financial statements, which is calculated for employees who are entitled to receive this benefit.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Provisions

Provisions are recognised in the statement of financial position when the Group and the Bank has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

S. Interest

Effective interest rate

Interest income and expense are recognised in profit or loss using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

When calculating the effective interest rate for financial instruments other than purchased or originated credit-impaired assets, the Bank/the Bank estimates future cash flows considering all contractual terms of the financial instrument, but not ECL. For purchased or originated credit-impaired financial assets, a credit-adjusted effective interest rate is calculated using estimated future cash flows including ECL.

The calculation of the effective interest rate includes transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or financial liability.

Amortised cost and gross carrying amount

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any expected credit loss allowance.

The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. Interest (continued)

Calculation of interest income and expense

The effective interest rate of a financial asset or financial liability is calculated on initial recognition of a financial asset or a financial liability. In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. The effective interest rate is revised as a result of periodic re-estimation of cash flows of floating rate instruments to reflect movements in market rates of interest. The effective interest rate is also revised for fair value hedge adjustments at the date amortisation of the hedge adjustment begins.

However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

For financial assets that were credit-impaired on initial recognition, interest income is calculated by applying the credit-adjusted effective interest rate to the amortised cost of the asset. The calculation of interest income does not revert to a gross basis, even if the credit risk of the asset improves.

Presentation

Interest income calculated using the effective interest method presented in the statement of profit or loss and OCI includes interest on financial assets and financial liabilities measured at amortised cost.

Interest expense presented in the statement of profit or loss and OCI includes financial liabilities measured at amortised cost.

T. Fee and commission

Fee and commission income and expense that are integral to the effective interest rate on a financial asset or financial liability are included in the effective interest rate.

Other fee and commission income – including account servicing fees is recognised as the related services are performed.

A contract with a customer that results in a recognised financial instrument in the Group's and the Bank's financial statements may be partially in the scope of CIFRS 9 and partially in the scope of CIFRS 15. If this is the case, then the Group and the Bank first applies CIFRS 9 to separate and measure the part of the contract that is in the scope of CIFRS 9 and then applies CIFRS 15 to the residual.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

U. Impairment of non-financial assets

The carrying amounts of the Group's and the Bank's non-financial assets, other than inventories, contract assets and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For intangible assets that have indefinite useful lives or that are not yet available for use, the recoverable amount is estimated each year at the same time. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a pro rata basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

V. Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except items recognised directly in equity or in other comprehensive income.

The Company has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore has accounted for them under CIAS 37 Provisions, Contingent Liabilities and Contingent Assets and has recognised the related expenses in 'other expenses'.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

V. Income tax (continued)

(i). Current tax

Current tax comprises the expected tax payable or receivable on the taxable income for the period using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous period.

(ii). Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Group and the Bank expect, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if certain criteria are met.

W. Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is not recognised in the statements of financial position and is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

X. Contingent assets

Where it is not possible that there is an inflow of economic benefits, or the amount cannot be estimated reliably, the asset is not recognised in the statements of financial position and is disclosed as a contingent asset, unless the probability of inflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent assets unless the probability of inflow of economic benefits is remote.

38. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Y. Changes in significant accounting policies

The Group and the Bank have initially adopted Interest Rate Benchmark Reform – Phase 2 (Amendments to CIFRS 9, CIAS 39, CIFRS 7, CIFRS 4 and CIFRS 16) from 1 January 2021.

The Group and the Bank applied the Phase 2 amendments retrospectively. The Group and the Bank elected to apply the practical expedient provided in the amendment to deal with the changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities resulting from the interest rate benchmark reform. The changes are accounted for by updating the effective interest rate at the time the basis is changed, provided the changes are necessary as a direct consequence of the reform and the new basis is economically equivalent to the previous basis. There is no impact on opening equity balances as a result of retrospective application.

The details of the accounting policies are disclosed in Note 38D(vi). See also Note 36C(i) for related disclosures about interest rate risks.

Z. New standards, amendments and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations that are effective for annual periods beginning after 1 January 2021 and earlier application is permitted; however, the Group and the Bank have not early adopted the new or amended standards in preparing these financial statements.

The following amended standards and interpretations are not expected to have a significant impact on the Group and the Bank's financial statements:

- COVID-19-Related Rent Concessions beyond 30 June 2021 (Amendment to CIFRS 16).
- Annual Improvements to CIFRS Standards 2018–2020.
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to CIAS 16).
- Reference to Conceptual Framework (Amendments to CIFRS 3).
- Classification of Liabilities as Current or Non-current (Amendments to CIAS 1).
- Disclosure of Accounting Policies (Amendments to CIAS 1 and CIFRS Practice Statement 2).
- Definition of Accounting Estimates (Amendments to CIAS 8).
- Onerous contracts – Cost of Fulfilling a Contract (Amendments to CIAS 37).
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to CIAS 12).
